The Holocaust/Genocide Template in Eastern Europe Ljiljana Radonić, 2020-05-21 The Holocaust Genocide Template in Eastern Europe discusses the memory wars in the course of the post Communist re narration of history since 1989 and the current authoritarian backlash The book focuses specifically on how mnemonic warriors employ the Holocaust template and the concept of genocide in tendentious ways to justify radical policies and externalize the culpability for their international isolation and worsening social and economic circumstances domestically The chapters analyze three dimensions 1 the competing narratives of the universalization of the Holocaust as the negative icon of our era on the one hand and the double genocide paradigm on the other which focuses on our own national suffering under allegedly equally evil Nazism and Communism 2 the juxtaposition of post Communist Eastern Europe and Russia reflected primarily in the struggle of the Baltic states and Ukraine to challenge Russian propaganda a struggle that runs the risk of employing similarly distorting and propagandistic tropes and 3 the post Yugoslav rhetoric portraying one's own group as the new Jews and one's opponents in the wars of the 1990s as akin to Nazis Surveying major battle sites in this memory war memorial museums monuments film and the war over definitions and terminology in relevant public discourse The Holocaust Genocide Template in Eastern Europe will be of great interest to scholars of genocide the Holocaust historical memory and revisionism and Eastern European Politics This book was originally published as a special issue of the Journal of Genocide Research *State of the World's Minorities and Indigenous Peoples 2016* Peter Grant, 2016-07-12 The unique cultures of minorities and indigenous peoples worldwide spanning a wide variety of customs and practices are under threat This year's edition of State of the World's Minorities and Indigenous Peoples highlights the impact of land dispossession forced assimilation and other forms of discrimination on the most fundamental aspects of their identity including language art traditional knowledge and spirituality But while the effects of this attrition can be devastating minority and indigenous cultures have also been critical in strengthening communities and providing activists with a platform to fight for their rights As this volume illustrates ensuring that the cultural freedoms of minorities and indigenous peoples are protected is essential if their other rights are also to be respected *Cosmo* Spencer Gordon, 2013-03-22 Winner of the 2013 CBC Overlookie Bookie Award for Most Underrated Canadian Book These stories read like collaborations between Stephen King and TMZ with Borges and Nabokov on the edits Each short story sounds with the thunder of a novel Enthralling dark gut busting stuff Jeff Parker Actor Matthew McConaughey descends into a surreal desert of the soul an admirer of Miley Cyrus performs a three thousand word sentence in defense of his passion an aging porn star dons a dinosaur costume to film the sex scene of a lifetime and Leonard Cohen shills for Subway these mercurial and wildly varied stories explode the conventions of short fiction Spencer Gordon is the author of the acclaimed short story collection *Cosmo* Coach House Books 2012 the poetry collection *Cruise Missile Liberals*
