One Great Insight Is Worth a Thousand Good Ideas Phil Dusenberry, 2006-10-03 We Bring Good Things to Life It's Not TV It's HBO Visa It's Everywhere You Want to Be These aren't just advertising slogans they're game changing insights And according to ad industry legend Phil Dusenberry who with his team at BBDO created these and many other brilliant campaigns one big insight is worth a thousand good ideas An idea can lead to one clever commercial But a true insight can define a brand for years to come and turn an entire industry upside down **Sports Capitalism** Frank P. Jozsa, 2017-11-28 The book focuses on how when where and why the US based professional sports leagues extend their brands and penetrate markets in nations across the globe The book examines the strategies progress and expectations of each league despite the cultural economic and political barriers that exist between and within countries and areas It offers a model of the sports business and where appropriate the emergence evolution and growth of prominent women's sports leagues are documented This book is unique as there are no other academic publications that study and report the global ambitions of this special group of organizations in one volume Readers such as college and university sports history management marketing and international business professors students and researchers can use and apply the book as either a teaching supplement reference and or literature source It will also appeal to targeted groups beyond the academic community with strategic economic incentives to learn about sports capitalism such as sports entrepreneurs and league officials **The Fix is in** Brian Tuohy, 2010 Skeptical fan Brian Tuohy believes that the hugely profitable sports leagues have covered up the truth behind their operations that professional sports are not all about fair play but sometimes corrupt interactions with mass media and players in the sports machine And Tuohy can back these charges with an explicitly cited history of backroom dealings in football baseball basketball hockey and car racing **THE FIX IS IN** provides the shadow history of the sports world and the way it interacts with media and gambling operations **Major League Baseball in the 1970s** Joseph G. Preston, 2014-05-23 Many of the most powerful trends in baseball today have their roots in the 1970s Baseball entered that decade seriously behind the times in race relations attitudes toward conformity versus individuality and the manager player relationship In a sense much of the wrenching change that American society as a whole experienced in the 1960s was played out in baseball in the following decade Additionally the game itself was rapidly evolving with the inauguration of the designated hitter rule in the American League the evolution of the closer the development of the five man starting rotation the acceptance of strikeout lions like Dave Kingman and Bobby Bonds and the proliferation of stolen bases This book opens with a discussion of the challenges that faced baseball's movers and shakers when they gathered in Bal Harbour Florida for the annual winter meetings on December 2 1969 Their worst nightmares would be realized in the coming years For many and often contradictory reasons the 1970s game evolved into a war of competing ideologies escalating salaries an acrimonious strike Sesame Street style team mascots and the breaking of the time honored tradition that all players

including the pitcher must play on offense as well as defense that would ultimately spell doom for the majority of attendees

The Doors You Can Open Rosalind Chow, 2025-04-08 Chow revolutionizes our understanding of how careers advance Daniel H Pink 1 New York Times best selling author of *Drive* taking readers on a transformative journey beyond the standard model of mentorship to embracing sponsorship The way we currently network and engage in mentorship isn't working Given the ever evolving nature of the workplace transactional networking and company enforced mentorship programs simply don't help make our professional relationships more authentic or our workplaces more equitable What we need instead is sponsorship What's the difference between mentorship and sponsorship Mentorship involves helping a mentee change their behavior while sponsorship involves changing how other people see a protégé Sponsorship is as important if not more so than mentorship in determining who gets ahead making it a more effective way to promote social equality and inclusion in the workplace In *The Doors You Can Open* organizational expert Rosalind Chow shows readers that they likely already engage in sponsorship in their personal and professional networks and how they can channel those skills to build more authentic professional relationships We all have more agency and deeper networks to act as sponsors than we might think and sponsoring others can lead to mutually beneficial lifelong connections rather than merely transactional interactions Given the ever evolving nature of the workplace intentional and equitable sponsorship is more important now than ever for overturning traditional social hierarchies Based on decades of original research *The Doors You Can Open* makes a bold case for completely changing the way we network Reading it will change how we see and use our relationships in the service of creating stronger workplaces for all
