Board he took his place as an economic icon More recently he joined with Stephen Moore and Peter J Tanous to write *The End of Prosperity* a clarion call delineating what is wrong with current political approaches to America's present economic challenges Steve Forbes himself described *The End of Prosperity* as brilliantly insightful saying READ IT AND ACT NOW Arthur Laffer and Stephen Moore follow the rousing success of *The End of Prosperity* with a book even more vital to America and Americans delivering a plan that shows how our country can regain its lost prosperity With the economy flat on its back unemployment at a twenty five year high and the housing default crisis still worsening is this even possible But America can once again become the land of economic opportunity and this brilliant new book tells us exactly how While President George W Bush and President Barack Obama may hail from different parties their response to the crisis has been strikingly similar The Bush Obama plan is a failure that has produced nothing except a cascade of trillions of dollars of debt Is the situation hopeless No say Arthur Laffer and Stephen Moore resoundingly the situation is not hopeless A return to prosperity is still entirely possible if the correct strategies are followed In *The End of Prosperity* the authors primarily discussed how lower taxes are essential to economic growth Now in *Return to Prosperity* they detail the other essential components putting government at all levels on a low fat diet emphasizing debt reduction and retirement and bringing back the investor class in America where every American can own a piece of the rock In a time where most of the proposed solutions are fraught with peril the argument provides a refreshing counterbalance *The Return to Prosperity* is a prescription that gives America the fundamental tools it needs in order to set about recovery This book is an urgently needed road map to renewed prosperity and it is vital reading for anyone who worries that the current economy is faltering with no clear plan articulated for recovery
