Facebook Deal:

Facebook Nation Newton Lee, 2014-10-16 Facebook's psychological experiments and Edward Snowden's NSA leaks epitomize a world of increasing information awareness in the social media ecosystem. With over a billion monthly active users, Facebook as a nation is overtaking China as the largest country in the world. President Barack Obama in his 2011 State of the Union Address called America the nation of Edison and the Wright brothers and of Google and Facebook. U.S. Chief Information Officer Steven VanRoekel opines that America has become a Facebook nation that demands increased transparency and interactivity from the federal government. Ubiquitous social networks such as Facebook, Google, Twitter, and YouTube are creating the technologies, infrastructures, and big data necessary for Total Information Awareness, a controversial surveillance program proposed by DARPA after the 9/11 attacks. NSA's secret PRISM program has reinvigorated WikiLeaks founder Julian Assange's accusation that Facebook is the most appalling spying machine that has ever been invented. Facebook CEO Mark Zuckerberg once said, "We exist at the intersection of technology and social issues." This book offers discourse and practical advice on the privacy issue in the age of big data, business intelligence in social media, e-government, and e-activism, as well as personal total information awareness. This expanded edition also includes insights from Wikipedian Emily Temple Wood and Facebook ROI experts Dennis Yu and Alex Houq. **Leitfaden Online**

Marketing Band 2 Torsten Schwarz, 2012-01-05 73 Prozent der Deutschen sind online, 97 Prozent der Onliner nutzen das Internet, um sich vor dem Kauf von Produkten zu informieren. Auch wenn das meiste offline gekauft wird, die Kaufentscheidung fällt im Internet. Wer in Suchmaschinen nicht gefunden wird, verliert Kunden. Wer auf der Homepage seine Produkte und Referenzen unprofessionell präsentiert wird, weggeklickt. Und wessen Kunden im Social Web heute offen meckern, beklagt morgen Umsatzverluste. Das Internet gibt Kunden mehr Macht. Band 1 des Leitfadens Online Marketing erschien 2007. Er hat sich schnell zum Standardwerk entwickelt und fehlt heute in keiner Agentur mehr. Damals gingen 8,9 Prozent des Werbebudgets ins Internet. Heute sind es 18,8 Prozent. Und so schnell wächst auch das Wissen. Band 2 warberfällig.

Entstanden ist ein völlig neues Handbuch 166 der führenden Kämpfe aus dem Online Marketing verraten, was sich in der Praxis bewährt hat. **Location-aware Services and QR Codes for Libraries** Joseph H. Murphy, 2012 The go-to resource for straightforward instruction on using Foursquare, Facebook Places, Gowalla, Bizzy, Google Wallet, augmented reality programs, and QR codes in your library. The book guides you through each step in the implementation process, giving you the information you need to successfully use location-aware technologies in library environments. It covers how to create a Foursquare campaign and use it to enhance staff training, use Facebook Places to connect with patrons, create an augmented reality program, create a QR code campaign, create a Gowalla marketing initiative, implement a mobile payment service with Google Wallet, and Near Field communication. Once you learn these location-based services and applications, you can meet your mobile user's digital age needs successfully. *Electronic Commerce und Online-Marketing* Rainer Olbrich, Carsten D.
