model new medicalism to account for the 2007 Act's enhancement of the discretion of mental health professionals for the express purposes of facilitating the management of situations of risk. In doing so, the book critically examines the problems inherent in civil commitment frameworks organised around the concept of risk, explores the theoretical foundations of new medicalism, considers the challenges facing proponents of future reform in the era of the UN Convention on the Rights of Persons with Disabilities and reflects on the 2007 Act's practical impact.

Sugarbaby Crystal Green, 2015-05-19 Hasn't anyone heard the saying 'nobody's perfect'? Apparently a lot of people in my hometown of Aidan Falls haven't. Don't get me wrong. Most of the locals here are perfectly nice. But certain close minded ex-classmates have a problem with the fact that I cheated on my jock star football boyfriend on one drunk stupid night. And no one likes to see a local hero embarrassed. But everything changed when I accidentally sent a sext to the wrong number and ended up sharing some flirty exchanges. So when the mysterious sexy Noah Reeves shows up at my job, I'm a bit shocked. You see, Noah's a billionaire businessman who famously disappeared after a competitor kicked him out of his own family's company. Why would he want to meet me? I don't see anything special in the mirror. But Noah may just be able to disprove the old adage that mirrors don't lie.
