Subcommittee on Financial Institutions Supervision, Regulation and Insurance, 1975 **Strategy Maps** Robert S. Kaplan, David P. Norton, 2003-12-16 More than a decade ago Robert S Kaplan and David P Norton introduced the Balanced Scorecard a revolutionary performance measurement system that allowed organizations to quantify intangible

assets such as people information and customer relationships Then in *The Strategy Focused Organization* Kaplan and Norton showed how organizations achieved breakthrough performance with a management system that put the Balanced Scorecard into action Now using their ongoing research with hundreds of Balanced Scorecard adopters across the globe the authors have created a powerful new tool the strategy map that enables companies to describe the links between intangible assets and value creation with a clarity and precision never before possible Kaplan and Norton argue that the most critical aspect of strategy implementing it in a way that ensures sustained value creation depends on managing four key internal processes operations customer relationships innovation and regulatory and social processes The authors show how companies can use strategy maps to link those processes to desired outcomes evaluate measure and improve the processes most critical to success and target investments in human informational and organizational capital Providing a visual aha for executives everywhere who can't figure out why their strategy isn't working Strategy Maps is a blueprint any organization can follow to align processes people and information technology for superior performance
