Medienwissenschaft 33 Gesellschaft für Medienwissenschaft e.V., 2025-10-09 Die Zeitschrift für Medienwissenschaft steht für eine kulturwissenschaftlich orientierte Medienwissenschaft, die Untersuchungen zu Einzelmedien aufgreift und durchquert, um nach politischen Kräften und epistemischen Konstellationen zu fragen. Sie stellt Verbindungen zu internationaler Forschung ebenso her wie zu verschiedenen Disziplinen und bringt unterschiedliche Schreibweisen und Textformate, Bilder und Gespräche zusammen, um der Vielfalt mit der geschrieben, nachgedacht und experimentiert werden kann, Raum zu geben. Nicht erst seit den Debatten über cultural appropriation ist Aneignung ein wiederkehrendes und wichtiges Thema der Medienwissenschaft. Hatten die Cultural Studies die aktive Rezeption als Form der Aneignung aufgefasst, so hat sich mit den digitalen Partizipationskulturen das Versprechen der User-innen-Ermächtigung auf das Prosumieren verlagert. Der Schwerpunkt schließt vor am Beispiel von Meme-Kulturen die Potentiale und Probleme von Aneignung neu zu bedenken und dabei die Kritik an kultureller Aneignung, aber auch Ideen zum digitalen commoning aufzugreifen. Wann kann Aneignung widerständig oder solidarisch sein und in welchen Fällen reproduziert sie herrschende Besitz- und Machtverhältnisse? Featuring contributions by leading international scholars and established

authorities such as Christian Fuchs Henry Jenkins Michael A Stefanone and Joan Donovan editor Devan Rosen brings together key contemporary research from multiple disciplines in order to provide crucial insight into these debates This book will be an important resource for students and scholars of media and communication as well as educators parents policy makers and clinicians interested in the impacts of social media

Gaming Democracy Adrienne L. Massanari, 2024-10-29

How play and gaming culture have mainstreamed far right ideology through social media platforms From Gamergate to the ongoing Big Lie the far right has gone mainstream In Gaming Democracy Adrienne Massanari tracks the flames of toxicity found in the far right and alt right movements as they increasingly take up oxygen in American and global society In this pathbreaking contribution to the fields of internet studies game studies and gender studies Massanari argues that Silicon Valley's emphasis on meritocracy and free speech absolutism has driven this rightward slide These ideologies have been coded into social media spaces that implicitly silence marginalized communities and subject them to rampant abuse by groups that have learned to game the ecology of platforms algorithms and attention economies While populist movements are not new phenomena such as QAnon parental rights activism and COVID denialism are uniquely of the internet with supporters demonstrating both technical acumen and an ability to use memes and play as a way of both building community and fomenting dissent Massanari explores the ways that the far right uses memetic humor and geek masculinity as tools both to create a sense of community within these leaderless groups and to obfuscate their intentions Using the lens of play and game studies as well as the concept of metagaming Gaming Democracy is a novel contribution to our understanding of online platforms and far right political activism

You Should Quit Reddit Jacob Desforges, 2023-02-21

In recent years, countless books, articles, and documentaries have addressed the negative effects that social media platforms have wrought on their users and society. However, these former works are incomplete; nearly no attention has been paid to Reddit, one of the most popular websites in the world. Reddit is certainly unique among social platforms, but its potential for addiction and darker side of nefarious activity should absolutely not be understated. Additionally, nearly no actionable advice has been provided to users of these platforms. The audience is told that these websites and apps are harming their mental health, wasting their time, and that they are addictive, which would logically make the task of quitting rather difficult, but then provided zero guidance on how to disconnect from them. Over 200,000 users gather on Reddit's r/NoSurf community to discuss reducing their internet use; the forum is filled with reports of people who want to quit Reddit but find themselves psychologically compelled to return to the site over and over. For moderate to heavy users of these platforms, quitting is clearly not so simple.

You Should Quit Reddit is a paradigm shift in the genre. Jacob Desforges was a Reddit user of over a decade and a self-admitted Reddit addict who spent on average around three hours daily on the site. Not only is this the first book investigating Reddit's flaws as a platform, but it is also written from the perspective of someone who experienced firsthand the struggle that comes with quitting these addictive platforms. This book therefore also provides readers with the practical advice, tools, and techniques needed to shatter the cycle of digital addiction, enabling them to quit visiting Reddit and other time-wasting websites for good so they can effectively reclaim their time to use in a more intentional manner.
