Introduction A life of Healing a life of Health A life worth living is a life of Wealth I have practiced over 25 years as a chiropractor and I have learned that most people come to me to treat their pain I m sure that most doctors and therapists have the same experience people want to receive a treatment that will cure their illness As I treat my patients I m also analyzing how their problem was created I m looking at various factors like diet lack of exercise injurious repetitive movements or anything else that could provoke the problem I m trying to get the patient to take responsibility for their problem and help me with their treatment It appears that I m treating their physical illness but over the years I have come to a new realization that a person s emotional mental and spiritual side can also affect their health The reality of the situation is that we can t separate an illness into a physical emotional mental or spiritual ailment because everything works together I now understand that attitudes play an essential role in our health and wellbeing Attitudes have characteristics that are physical emotional mental and spiritual In psychology attitudes are labeled as behavioral physical affective emotional and cognitive mental In this book attitudes have a spiritual side as well attitudes will have a positive spiritual value or a negative spiritual value Attitudes that bring people together and unite them has an energy with a positive spiritual value and attitudes that are divisive and cause separation has a negative value If we have attitudes with a negative spiritual energy then they will cause illness physical illness mental illness and emotional illness We need to adopt attitudes with a positive spiritual energy if we want to stay healthy and grow spiritually Spiritual growth is there for all of us but we have to make the effort no one can make us grow spiritually Looking for someone to cure our ills is a short term proposition the long term cure is when we discover what is causing us harm and create a healthy lifestyle The 7 Laws of Human Nature is a scientific philosophical study into the human consciousness the 7 chakras and the human aura We use theories to make sense about what we are observing in life to explain ideas and interpret facts The 1st chapter is the Theory of the Oneness of Universal Love which will present 7 hypotheses These hypotheses will present facts and suppositions of facts which will be followed up by a theory This is all happening on four energy levels physical emotional mental and spiritual Life on Earth has to have a reason our lives aren t an accident and this book presents a logical theory on the how and why of life This is a book on love and how love works in our lives With Love and Devotion to All Take Control of Your Apple Account, 2nd Edition Glenn Fleishman,2025-09-10 Prevent or solve problems with your Apple Account Version 2 0 updated September 10 2025 The center of the Apple world is your Apple Account This identifier ties up your access to iCloud to purchased and streaming music TV and movies and to all your devices While an Apple Account is essential Apple has made it difficult to navigate the many features associated with it and particularly to troubleshoot and resolve problems that crop up This book answers dozens of questions and guides you through solutions It also explains how to use security recovery and other features tied to your Apple Account n Everything Apple relies on your Apple Account It s a key that unlocks a long list of Apple products and
