The W.B.A. Review ,1961 **An Athletic Trainers' Guide to Sports Nutrition** Damon Amato,2024-06-01 An Athletic Trainer s Guide to Sports Nutrition fills the void of a subject area that is underrepresented in current athletic trainer curriculums despite its importance in the field Damon Amato has created a text that can be easily read and understood by health care professionals yet is in depth enough to create a solid understanding of how the body works and easy enough to then pass on the information to athletes to help them eat ideally based on their specific sport goal and situation Giving a physiology background is necessary to lay the foundation for understanding why certain recommendations in the text are given however only the necessary details are included to focus on what is pertinent for athletic trainers to understand while advising athletes Some topics covered inside include Basics of human nutrition Disordered eating and eating disorders in athletes Supplements Eating optimally for injury recovery Nutrient timing Special situations An Athletic Trainer s Guide to Sports Nutrition gives athletic training clinicians and students the information and tools necessary to aid athletes in maintaining peak performance in nutrition and fills the void left in the current athletic training curriculum **Book Review**

Bauerlein,2022-02-01 From Stupefied Youth to Dangerous Adults Back in 2008 Mark Bauerlein was a voice crying in the wilderness As experts greeted the new generation of Digital Natives with extravagant hopes for their high tech future he pegged them as the Dumbest Generation Today their future doesn t look so bright and their present is pretty grim The twenty somethings who spent their childhoods staring into a screen are lonely and purposeless unfulfilled at work and at home Many of them are even suicidal The Dumbest Generation Grows Up is an urgently needed update on the Millennials explaining their not so quiet desperation and more important the threat that their ignorance poses to the rest of us Lacking skills knowledge religion and a cultural frame of reference Millennials are anxiously looking for something to fill the void Their mentors have failed them Unfortunately they have turned to politics to plug the hole in their souls Knowing nothing about history they are convinced that it is merely a catalogue of oppression inequality and hatred Why they wonder has the human race not ended all this injustice before now And from the depths of their ignorance rises the answer Because they are the first ones to care All that is needed is to tear down our inherited civilization and replace it with their utopian aspirations

For a generation unacquainted with the constraints of human nature anything seems possible Having diagnosed the malady before most people realized the patient was sick Mark Bauerlein surveys the psychological and social wreckage and warns that we cannot afford to do this to another generation **Toward a Healthy Lifestyle Through Elementary Health**
