Research And Publication Ethics: An In-Depth Guide to Ethical scholarship and responsible research Prof Dr Ihtiram Raza Khan, Prof Huma Anwar, Sukaina Shahi, Raza Khan Himanshu, 2025-06-02 *The Rekindling of Scholarship* Pasquale De Marco, 2025-04-18. Embark on an intellectual odyssey through the annals of scholarship with *The Rekindling of Scholarship: An Exploration of the Evolution of Knowledge from the Renaissance to the Digital Age*. This comprehensive and accessible book delves into the vibrant landscapes of various epochs, tracing the evolution of scholarship from its roots in the Italian Renaissance to the frontiers of the digital realm. Uncover the groundbreaking discoveries, influential thinkers and cultural movements that have shaped our understanding of the world. From the humanist scholars of the Renaissance to the scientific revolutionaries of the Enlightenment, we explore the evolution of human knowledge. We delve into the Romantic movement's emphasis on emotion and subjectivity, the Victorian era's scientific advancements and social reforms, and the modernist movement's search for new forms of expression. The 20th century brought forth postmodernism, challenging traditional structures and questioning the nature of truth and reality. We examine the impact of World War II on intellectual thought, the rise of structuralism and post-structuralism, and the influence of postmodernism on art, literature and architecture. Finally, we venture into the digital age where the internet and artificial intelligence are reshaping the frontiers of scholarship. We explore the implications of open access and the democratization of knowledge while considering the challenges and opportunities that the digital realm presents for the future of research and intellectual pursuits. *The Rekindling of Scholarship* is an invaluable resource for students, researchers and anyone with a thirst for knowledge. It provides a comprehensive overview of the evolution of scholarship, shedding light on the key figures, groundbreaking ideas and cultural movements that have shaped the intellectual landscape of our time. Whether you are seeking to deepen your understanding of a particular era or gain a broader perspective on the evolution of scholarship, this book will serve as an enlightening guide. Its accessible language and engaging narrative make it an enjoyable read for anyone interested in the history of ideas and the pursuit of knowledge. Organizational Psychology *Generative AI in African News Media* Trust Matsilele, Lungile A. Tshuma, 2025-12-16 This pioneering volume presents a comprehensive assessment of generative artificial intelligence's impact on African journalism bringing together insights from academics, technologists and practicing journalists across the continent. Featuring diverse case studies from South Africa, Nigeria, Kenya, Zimbabwe, Zambia and Eswatini, the collection explores how African newsrooms are adopting generative AI. Contributors analyse the use of AI, presenters' audience perceptions of AI-generated content, gamification strategies in newsrooms and the barriers journalists face in accessing these technologies. Painting a picture of the complex political economy of AI-driven news production and consumption, the volume also addresses ethical concerns around AI appropriation, highlighting how existing legal frameworks struggle to regulate generative AI in journalism. Positioned at the intersection of technology and African media studies, this book offers essential insights into the future of journalism across the continent. Trust Matsilele is a Senior Lecturer in Journalism at Birmingham City University, UK, and a Research Fellow in the Communication Department at the University of South Africa. Lungile A. Tshuma is a Researcher in the Centre for Communication and Culture, Universidade Católica Portuguesa. Tshuma is also a Senior Research Associate in the Department of Communication and Media, University of Johannesburg, South Africa.

Ethics and Integrity in Education (Research) Irene Glendinning, Sarah Elaine Eaton, Beatriz Antoneita Moya Figueroa, Shiva Das Sivasubramaniam, 2025-10-13 This book provides insights on approaches for enhancing ethical practice, professionalism and integrity for future development in academia and beyond. It does so by offering a thorough review of the background and processes to enhance academic integrity in the years of artificial intelligence. The book also explores the future of research integrity and ethics by examining lessons from the past. Ideas from research findings on how to incorporate an integrity culture in continuously changing secondary and higher education are addressed. The chapters are written by international authors who have been working in the fields of integrity sciences, focussing on ways to enhance ethics and integrity amongst students, academics and institutions, including schools. They identify approaches to deter and detect misconduct and discuss the ways to educate academic integrity amongst academic communities. The book addresses best practices from international institutions and how these can be transformed and adopted in different subject areas. Embracing and managing the use of generative artificial intelligence (GenAI) tools in education are key themes throughout. Special attention is given to the ethical use of GenAI, exploring the ways to minimise the misuses via policies and guidelines.
