The Art of Showing Up Rachel Wilkerson Miller, 2020-06-25 When it comes to adult friendships we re woefully inept we barely manage to show up for our own commitments let alone maintain our relationships Even before self isolation we were experiencing a loneliness epidemic we communicate through texts and emojis and rear away in horror from an unsolicited phone call even if it s from our mum Flaking out on plans is routine both online and off The Art of Showing Up offers a roadmap through this morass to true connection with your friends family and yourself Rachel Wilkerson Miller teaches that showing up means connecting with others in a way that make them feel seen and supported And that begins with showing up for yourself recognising your needs understanding your physical and mental health and practising self compassion Only then can you better support other people witness their joy pain and true selves validate their experiences and help ease their burdens

Prasad,2021-09-28 A cutting edge look at how accelerating financial change from the end of cash to the rise of cryptocurrencies will transform economies for better and worse We think we ve seen financial innovation We bank from laptops and buy coffee with the wave of a phone But these are minor miracles compared with the dizzying experiments now underway around the globe as businesses and governments alike embrace the possibilities of new financial technologies As Eswar Prasad explains the world of finance is at the threshold of major disruption that will affect corporations bankers states and indeed all of us The transformation of money will fundamentally rewrite how ordinary people live Above all Prasad foresees the end of physical cash The driving force won t be phones or credit cards but rather central banks spurred by the emergence of cryptocurrencies to develop their own more stable digital currencies Meanwhile cryptocurrencies themselves will evolve unpredictably as global corporations like Facebook and Amazon join the game The changes will be accompanied by snowballing innovations that are reshaping finance and have already begun to revolutionize how we invest trade insure and manage risk Prasad shows how these and other changes will redefine the very concept of money unbundling its traditional functions as a unit of account medium of exchange and store of value The promise lies in greater efficiency and flexibility increased sensitivity to the needs of diverse consumers and improved market access for the unbanked The risk is instability lack of accountability and erosion of privacy A lucid visionary work The Future of Money shows how to maximize the best and guard against the worst of what is to come **The Winner** Teddy Wayne,2024-05-28 A New York Times Book Review and Washington Post Top 10 Thriller of the Year A New Yorker Vogue Esquire Elle and Bookshop org Best Book of the Year Conor O Toole has never been anywhere like Cutters Neck a gated community near Cape Cod It s a sweet deal for the summer in exchange for tennis lessons he receives free lodging in a luxurious guest cottage far from the cramped Yonkers apartment he shares with his diabetic mother In this oceanfront paradise however new clients prove hard to come by and Conor has bills to pay When Catherine a sharp tongued divorcee offers double his usual rate he soon realizes she is expecting additional off the court services for her money and Conor tumbles into a secret erotic affair unlike anything he s experienced before Despite his steamy flings with a woman twice his age he simultaneously finds himself falling for an artsy outspoken girl he meets on the beach With cautious strategic planning Conor somehow manages this tangled web until he makes one final irreversible mistake A dark explosive literary thriller that brilliantly skewers the elite Whiting Award winner Teddy Wayne s unputdownable novel is cinematic shocking and a psychological masterpiece *The Strawberry Patch Pancake House (Dream Harbor, Book 4)* Laurie Gilmore,2025-03-13 Fall in love with Laurie Gilmore s 1 New York Times
