The McGurk Universe K.J. Donnelly,2023-01-01 This book reconsiders audiovisual culture through a focus on human perception with recourse to ideas derived from recent neuroscience It proceeds from the assumption that rather than simply working on a straightforward cognitive level audiovisual culture also functions more fundamentally on a physiological level directly exploiting precise aspects of human perception Vision and hearing are unified in a merged signal in the brain through being processed in the same areas This is illustrated by the startling McGurk Effect whereby the perception of spoken sound is changed by its accompanying image and counterpart effects which demonstrate that what we see is affected by different sounds accompanying sounds This blending of sound and images into a whole has become a universal aspect of culture not only evident in films and television but also in video games and short Internet clips Indeed this aesthetic formation has become the dominant of this period The McGurk Universe attends to how audiovisual culture engages with and mediates between physiological and psychological levels

Revolting Indolence Marcos Gonzalez,2024-12-03 How indolent practices in Latinx LGBTQ culture challenge capitalist imperatives to be productive Revolting Indolence makes a case for laziness as an aesthetic political strategy for countering the oppressive logics of cisheteronormative racial capitalism Focusing on ways in

which queer and trans Latinx people demonstrate the unwillingness of their participation in productivist ethics and allied respectability politics Marcos Gonzalez argues that slacking off lounging daydreaming and partying are liberatory practices revolts that in turn are treated as revolting Gonzalez explores how queer and trans Latinx artists refute discourses in which work is a moral good In *Paris Is Burning* RuPaul's Drag Race documentary photography of queer and trans Latinx life in Los Angeles and other sources Gonzalez identifies two lazy styles first flagrant refusals of work that critique capitalist reason and second the invention of alternative aesthetic worlds beyond racial capitalism and violence targeting queer and trans people whose rejection of the cisgender nuclear family paradigm is rightly seen as threatening the stability of a functioning capitalist system Reclaiming laziness as a resource for radical imagining Revolting Indolence asks us to do that which we want most and which capitalist exploitation can least tolerate to slow down
