Introduction to Accounting Penne Ainsworth,Dan S. Deines,2007 This textbook integrates financial and managerial accounting as opposed to keeping these areas separate the approach followed by most books and curriculums By integration we mean the authors focus on the business process and examine the activities from both an external financial reporting perspective and an internal management decision making perspective The text incorporates real world applications including

actual financial statements to reinforce the relevance of topics to real business situations and promote student interest The text also promotes active learning through Enhance Your Understanding probing questions placed sporadically throughout many chapters Of Interest boxes that provide additional information relating to the chapter concepts new Fast Fact boxes that provide additional information related to chapter concepts in a short trivia like manner and end of chapter group exercises **The Spectator** ,2011
