High Profit Price Action Trading for Beginners Giuseppe Scuti, The key to consistent profits is not as elusive as most brand new self directed traders think I ask new traders do you want to get rich quick or do you want to get rich forever The easy part of investing and trading is making the mistakes the hard part is what to do with all the cash you will make from being patient and letting the market come to you and give you what you want New people who get into the trading business have dollar signs in their eyes They are buying Ferrari s and G650 s before they ever make a live trade The unrealistic expectations they have can cloud their judgment as to what is real and not real All they see is the amount of money that they can potentially make when it is how much money they can lose is what they should be focusing on They don t realize they are entering a business where the professional people have a kill everyone mentality when it comes to making money High Profit Price Action Trading for Beginners is for beginners and will detail many of the things that a brand new trader must learn not to do before they can become consistently profitable in the live markets The key to success in the investing and trading business is not making the mistakes your competition is making and learning to see them making those mistakes so you can profit from them Using price action in conjunction with supply and demand as well as end of day trading methods will empower you to make money right away in any liquid live market you wish to trade The beauty of this method is that it works on any asset class on any time frame You just have to learn to train your eyes to see the smart money and your competition on a trading chart at a glance and then take action to make money from them that part is up to you The principles in High Profit Price Action Trading for Beginners are the easiest fastest methods for a self directed beginner to learn right away which will put them on the fast track to driving their new money train to the bank every day You absolutely need to have a competitive edge in the markets and you must have it before you do anything in the live markets with real money The methods in High Profit Price Action Trading for Beginners are the best ways to get you started developing your money making edge Don t be the one who pays be the one who gets paid **The Price** Carlos Vasquez,2023-03-07 Most people will experience trauma at some point after all life itself is traumatic Carlos history of trauma is a lengthy one he experienced homelessness drug addiction gang violence and witnessed murder and suicide which all led to a twenty year prison sentence by the age of nineteen A decade into his sentence in a solitary housing unit Carlos had made the decision to take his own life Before following through with his plan a prison chaplain entered his life and challenged him to battle through it and figure out what his purpose was This fleeting encounter would become one that altered the entire trajectory of Carlos life Stemming from that interaction Carlos became obsessed with understanding why over the course of his adolescence he had developed a callous mindset that had created so much destruction and failure in his life His self awareness gradually developed and ultimately altered his perception of how he viewed the world and his place in it That conversion acted as a catalyst for the concepts outlined in this book breaking him free from the bonds of his traumatic experiences In this book Carlos provides

five practical principles for achieving personal success while counteracting the negative effects associated with trauma and substantiated by his own paradigm shift. It is the hope of the author that this thought provoking work will serve as a useful guide for scholars, practitioners and students alike.

Day Trading Exposed Joe DiChristophoro, The live markets are an intimidating and brutal place for a beginner who starts off with the wrong information. They can be a mysterious, murky and complicated place for the ill advised. By following the advice in this book and keeping it simple and taking very slow and absorbing every detail you can have the best chance for a high probability outcome as a successful market participant. Make no mistake the market can make you lose your mind, burn your soul and help you to lose all your money quickly. There is information in this book that real money investors and traders don't want you to know why you ask. It is the brand new novice retail investor and trader that the elite professionals and also the smart money in the live markets get paid from. How is this? Brand new aspiring and upcoming traders all make the same mistakes over and over again. You either GET IT in this business or you don't. The professional elite money makers in the live markets are counting on this so they can transfer the novice trader's account to theirs on a daily basis. The smart money is the Wall Street banks and institutions who are the market makers and herders of the sheeple of the herd. Who are the sheeple of the herd you might be asking you that's who the unsuspecting beginner retail trader. Brand new retail traders have no idea they are being gamed and that they are the ones who pay those in the live market that know what they are doing. It is simply a transfer of accounts of those who have not done the proper education and training and are trying to wing it too. Those who have. If you are a brand new investor or trader just getting into this business with zero knowledge or experience I invite you to pay close attention to the information in this book because it is written specifically for you. If you want to make money and be consistently profitable on a daily basis this book will give you a head start to getting your money train cruising down tracks of gold right to the front door of your bank. Wall Street does not like traders to know the information in this book because brand new traders with no information who don't take the time to educate themselves properly are an endless source of revenue for the Wall Street banks and

institutions who are in the business of making money with money Most of the time it is the retail trader s money they are banking Once you are done reading this entire book you will have an idea if this business is for you or not The information in this book paints a brutal picture of the reality of the live markets for a retail sheeple of the herd trader should they not do the proper preparation to work with the best human professional traders in the world and also the best machines in the world who are programmed by code slinging geeks who make a million dollars a year to code the super computer to see you making your mistakes over and over again Ask yourself this question Do you want to be the one who is paying or do you want to be the one who GETS paid Market Timing Solutions for Beginner Traders J.
