The Reference Interview Today Dave Harmeyer, 2014-02-07 More an art than a science the reference interview requires not only knowing a specific set of skills but also how to apply those skills in an ever changing world Good reference interviews accomplish three goals establishing contact with the user determining what the user s information need actually is and checking to make sure that the answer actually meets that need completely Built around timeless service principles including Ranganathan s Five Laws *The Reference Interview Today* Negotiating and Answering Questions Face to Face on the Phone and Virtually is a practical field guide to conducting reference interviews in every modality face to face phone chat text virtual world such as Second Life and even mashup reference interviews where multiple modalities are used to answer the question Following a concise presentation of reference interview basics the heart of the book is 12 different reference interview scenarios set in different modes and demonstrating a specific principle Each of these twelve follows a similar construction a general overview of the principle for example save the time of the reader a script of the reference interview and then learning questions designed to demonstrate the principle s as illustrated in the script Examples range from assisting faculty members with scholarly resources to helping a high school student with a paper to assisting a hairdresser with a reference question One scenario is based in the year 2025 to emphasize the timeless nature of reference service Seamlessly combining both time honored principles and multiple technologies this practical book demonstrates how librarians can be as relevant and necessary in the digital age as in the print world Appropriate for both novice and experienced librarians as well as for LIS students this concise handbook speaks to those working in or preparing for careers in public school academic and special libraries

Getting an IT Help Desk Job For Dummies Tyler Regas, 2015-04-15

Stand out in one of IT's fastest growing job markets. If you're looking for a job in IT, the help desk is the heart and soul of most IT operations and an excellent starting point for a promising career. With the help of *Getting an IT Help Desk Job For Dummies*, you'll gain the knowledge and know how to cut through the confusion of navigating the Information Technology job market. IT can be intimidating to hopeful yet inexperienced job candidates, but this guide will help you find and land the job of your dreams. Through easy-to-follow explanations, authoritative information, and a bit of humor, *Getting an IT Help Desk Job For Dummies* serves as your thorough and approachable guide to maximizing your competitive edge in this booming market. The IT job market has continued to expand as technology matures and deepens its roots in business operations. This is good news for you. However, it makes it that much harder to get a job in IT, as recent grads and other professionals are practically stampeding to get their feet in the door of this rapidly expanding industry. Luckily, *Getting an IT Help Desk Job For Dummies* gives you an advantage by providing expert instruction on how to score an interview and secure a job offer, the skills needed to obtain and maintain an IT position, and authoritative information on how to establish a career path in the IT field. Explore careers in the IT Help Desk field and establish the path you want to follow. Plan for post-education certifications and training to make yourself more marketable. Get expert guidance for creating a winning resume and cover letter. Prepare for your IT Help Desk interview. Loaded with simple, straight-forward advice, *Getting an IT Help Desk Job For Dummies* is your all-in-one guide to starting your IT career on the right foot. **Get Out of Your Own Way Guide to Life** Justin Loeber, 2017-11-07

Based on one CEO's inspiring journey, this motivational guide shows how to build on your strengths, eliminate weaknesses, and achieve your own success. Do you want to be known as a tremendous talent or a lazy, unfocused slacker? Whether you're a Millennial yearning to join corporate America, a Boomer ready for reinvention, a closeted LGBTQ individual, or even a nerd nauseated with perfection, this in-your-face, funny, no-nonsense socio-business coming-of-ageless handbook can help you find true inner personal success. Inside, you'll learn ten easy steps such as: Work on Your Work Ethic, Own the Power of Thoughtfulness, Find Perfection in Imperfection, Rule Your Plane, and more. This book is based on Loeber's quirky personal life experiences that all started in 1970s disco-era New York City. Justin worked as a waiter, a Wang Word Processing Operator, remember Wang, a substitute go-go dancer, and was discovered by pop icon Gary Numan in London. He was one step from stardom in his own right as a solo pop recording artist, only to lose it all. Then, in a 180-degree turn, and without a college degree, went from a temp at Random House to an executive vice president at HarperCollins in a little more than a decade. In 2006, Loeber created Mouth Digital, a public relations boutique agency in NYC, repping over 550 clients to date. *Get Out of Your Own Way Guide to Life* will give you the courage to shake down your fear, which is squelching your dream. Find the it that makes you tick. Take a Risk, which in the end isn't risky after all. Put down the electronics, look up, and transfer from the passenger to the pilot of your life. So get out of your own way. Dream big. Do it now. **Computerworld**, 1998-05-04. For more than 40 years, Computerworld has been the leading source of technology news and information for IT influencers.
