With special chapters focusing on helping middle-class scholarship seekers, home-schooled students, those without an A average, and even students as young as age six, this guide is a must-have tool for students bound for university. Whether you're in high school, enrolled in or going back to college, studying abroad, or pursuing a postgraduate degree, this book is an invaluable resource for helping you to avoid leaning too heavily on student loans and effectively finance the education you want.

Scholarship Strategies Jean O'Toole, 2019-04-23 Scholarship Strategies empowers students to be uniquely proactive towards their scholarship search process, enabling them to find more scholarships than with the traditional approach through the guidance and college offices at their schools. The current approach to finding scholarships to reduce college costs is not giving families the results they need. College costs continue to rise, and so does student loan debt. As a recipient of an academic college scholarship as well as several outside scholarships, Jean O'Toole was able to attend Wagner College, but she and her family still had to pay for the remainder of her education with student loans. A different approach is needed to provide families with different results. In Scholarship Strategies, Jean simplifies the scholarship application process in easy-to-follow steps which any student can incorporate into their already busy schedules. She provides students and parents with a clear plan to decipher which scholarships have the best chances of winning and should be applied to. This easy-to-follow out-of-the-box approach was developed over a decade of working with

thousands of students giving students and families ownership of the scholarship search process to build on the efforts that their school counselors are already providing A future can be designed without college debt and Scholarship Strategies with its 25 clear strategies along with 15 additional ways to reduce college costs helps students live that future Scholarship and Loan Program United States.
