Crime and Deviance in Cyberspace David S. Wall, 2017-07-05 This volume presents the reader with an interesting and at times provocative selection of contemporary thinking about cybercrimes and their regulation The contributions cover the years 2002-2007 during which period internet service delivery speeds increased a thousand fold from 56kb to 56mb per second When combined with advances in networked technology these faster internet speeds not only made new digital environments more easily accessible but they also helped give birth to a completely new generation of purely internet related cybercrimes ranging from spamming phishing and other automated frauds to automated crimes against the integrity of the systems and their content In order to understand these developments the volume introduces new cybercrime viewpoints and issues but also a critical edge supported by some of the new research that is beginning to challenge and surpass the hitherto journalistically driven news stories that were once the sole source of information about cybercrimes Confessions of a No

Life Buck DONIC, 2013-10-19 Between a business guide and an autobiography this is the true story of an internet warrior From raiding a fridge to save his life to a 100 000 salary Buck Donic shares his adventure and many lessons paid dearly Each and every experience has been paid in time money and unnecessary hardship They are all yours to keep if you elect to How to manage a web hosting company Can you buy on eBay and resell again on eBay How your business can become a Ponzi scheme without you even realizing What are the pitfalls when you start a venture Why you should never work for free and how to value yourself if you ever have to offer your work as an investment and many first hand horror stories told in a fast paced writing style As an internet warrior Buck Donic made almost every possible error but believed in his success until he achieved his professional dreams Julian Assange: The Unauthorised Autobiography Julian Assange, 2011-09-22 In

December 2010 Julian Assange signed a contract with Canongate Books to write a book part memoir part manifesto for publication the following year At the time Julian said I hope this book will become one of the unifying documents of our generation In this highly personal work I explain our global struggle to force a new relationship between the people and their governments In the end the work was to prove too personal Despite sitting for more than fifty hours of taped interviews discussing his life and the work of WikiLeaks with the writer he had enlisted to help him Julian became increasingly troubled by the thought of publishing an autobiography After reading the first draft of the book at the end of March Julian declared All memoir is prostitution In June 2011 with thirty eight publishing houses around the world committed to releasing the book Julian told us he wanted to cancel his contract We disagree with Julian's assessment of the book We believe it explains both the man and his work underlining his commitment to the truth Julian always claimed the book was well written we agree and this also encouraged us to make the book available to readers And the contract By the time Julian wanted to cancel the deal he had already used the advance money to settle his legal bills So the contract still stands We have decided to honour it and to publish This book is the unauthorised first draft It is passionate provocative and opinionated like its author It fulfils the

promise of the original proposal and we are proud to publish it Canongate Books September 2011
