B. Aggarwal, Vasudha Bhatnagar, Durgesh Kumar Mishra, 2017-10-03 This volume comprises the select proceedings of the annual convention of the Computer Society of India Divided into 10 topical volumes the proceedings present papers on state of the art research surveys and succinct reviews The volumes cover diverse topics ranging from communications networks to big data analytics and from system architecture to cyber security This volume focuses on Big Data Analytics The contents of this book will be useful to researchers and students alike *Made In Future* Prashant Kumar, 2022-05-16 In this new age marketers media owners agencies and content creators tend to struggle with the new realities of marketing Everything they learnt while they were growing up is being challenged and seems to be growing irrelevant against the disruptors that they face Marketing thinking even in some of the world's largest organizations is disconnected from their own ground level executions The game has changed But they are still playing by the rules of the 1990s They are set to lose if they keep applying Band Aids on a broken model and trying to fit the future in the containers of the past They need a native view of marketing in the digital age

This book provides a conceptual glue Prashant Kumar in his groundbreaking new book *Made in Future* delves into the principles and applications of marketing strategy in the new age Rich in research and great case studies this book is an effort to bridge the two worlds of old school marketing principles and the new consumer and media behaviours **Fulfillment** Alec MacGillis, 2021-03-16 A New York Times Book Review Editors Choice A grounded and expansive examination of the American economic divide It takes a skillful journalist to weave data and anecdotes together so effectively Carolyn Kellogg Los Angeles Times An award winning journalist investigates Amazon s impact on the wealth and poverty of towns and cities across the United States In 1937 the famed writer and activist Upton Sinclair published a novel bearing the subtitle *A Story of Ford America* He blasted the callousness of a company worth a billion dollars that underpaid its workers while forcing them to engage in repetitive and sometimes dangerous assembly line labor Eighty three years later the market capitalization of Amazon com has exceeded one trillion dollars while the value of the Ford Motor Company hovers around thirty billion We have it seems entered the age of one click America and as the coronavirus makes Americans more dependent on online shopping its sway will only intensify Alec MacGillis s *Fulfillment* is not another inside account or expos of our most conspicuously dominant company Rather it is a literary investigation of the America that falls within that company s growing shadow As MacGillis shows Amazon s sprawling network of delivery hubs data centers and corporate campuses epitomizes a land where winner and loser cities and regions are drifting steadily apart the civic fabric is unraveling and work has become increasingly rudimentary and isolated Ranging across the country MacGillis tells the stories of those who ve thrived and struggled to thrive in this rapidly changing environment In Seattle high paid workers in new office towers displace a historic black neighborhood In suburban Virginia homeowners try to protect their neighborhood from the environmental impact of a new data center Meanwhile in El Paso small office supply firms seek to weather Amazon s takeover of government procurement and in Baltimore a warehouse supplants a fabled steel plant *Fulfillment* also shows how Amazon has become a force in Washington D C ushering readers through a revolving door for lobbyists and government contractors and into CEO Jeff Bezos s lavish Kalorama mansion With empathy and breadth MacGillis demonstrates the hidden human costs of the other inequality not the growing gap between rich and poor but the gap between the country s winning and losing regions The result is an intimate account of contemporary capitalism its drive to innovate its dark pitiless magic its remaking of America with every click Where Do We Go From Here? prepare for the future Almost 1 800 delegates attended the 2015 meeting ranging from the staff of small public library systems to the CEOs of major corporations This fully indexed copyedited volume provides a rich source for the latest evidence based research and lessons from practice in a range of information science fields The contributors are leaders in the library publishing and vendor communities

Book Wars John B. Thompson,2021-03-04 This book tells the story of the turbulent decades when the book publishing industry collided with the great technological revolution of our time From the surge of ebooks to the self publishing explosion and the growing popularity of audiobooks Book Wars provides a comprehensive and fine grained account of technological disruption in one of our most important and successful creative industries Like other sectors publishing has been thrown into disarray by the digital revolution The foundation on which this industry had been based for 500 years the packaging and sale of words and images in the form of printed books was called into question by a technological revolution that enabled symbolic content to be stored manipulated and transmitted quickly and cheaply Publishers and retailers found themselves facing a proliferation of new players who were offering new products and services and challenging some of their most deeply held principles and beliefs The old industry was suddenly thrust into the limelight as bitter conflicts erupted between publishers and new entrants including powerful new tech giants who saw the world in very different ways The book wars had begun While ebooks were at the heart of many of these conflicts Thompson argues that the most fundamental consequences lie elsewhere The print on paper book has proven to be a remarkably resilient cultural form but the digital revolution has transformed the industry in other ways spawning new players which now wield unprecedented power and giving rise to an array of new publishing forms Most important of all it has transformed the broader information and communication environment creating new challenges and new opportunities for publishers as they seek to redefine their role in the digital age This unrivalled account of the book publishing industry as it faces its greatest challenge since Gutenberg will be essential reading for anyone interested in books and their future

Do As I Say, Not As I Did Michael N. Marcus,2015-07-08 LAUGH LEARN This bestselling book is a collection of amusing anecdotes and useful advice on a wide range of subjects money relationships parenting business work cars food drink life death education health technology media aging time animals baseball sailing sex writing publishing and law The book is the sad and also humorous and helpful story of what the author did wrong over a lifetime and what he learned from his mistakes plus what he learned from observing other people companies animals and events Marcus often fantasizes about traveling back in time to warn himself not to make stupid mistakes He says The ten twenty and sixty year old me might have ignored the advice of parents teachers doctors and accountants but not the advice of me If I talk to myself I have to listen While technology will not yet allow me to go back and talk to myself I can warn and advise anyone else who s willing to pay attention That s why I wrote this book And maybe by looking back I can influence my own future
