Nigeria's Cultural and Creative Industries Ikechukwu Obiaya, Kizito Ogedi Alakwe, Emmanuel Nzeaka, 2025-12-08 This book offers a compelling exploration of Nigeria s vibrant cultural and creative industries unpacking their core components challenges institutional frameworks and transformative potential for national development From the role of government and regulatory bodies to the power of local innovation the volume provides a timely and strategic assessment of how Nigeria s creative economy is shaping a new narrative for growth As Africa s most populous country

Nigeria boasts a rich cultural mosaic and a growing generation of dynamic creatives making waves both locally and globally. With Nollywood Afrobeats and indigenous fashion now commanding international attention, creative output is fast overtaking oil as Nigeria's most influential export. Through sector-specific case studies, the book critically examines this shift, highlighting high-impact sectors like film, fashion, music, and visual arts, while also shining a light on underexplored industries such as publishing, advertising, and hospitality. It asks bold questions about whether the right structures are in place to truly harness Nigeria's soft power for economic and social impact. Providing a thorough and nuanced analysis of Nigeria's creative landscape, this book will be an important read for researchers, students, and policymakers with an interest in the future of African culture, innovation, identity, and industry. Threatened Amphibians of the World S. N. Stuart, Conservation International, 2008

Amphibians are facing an extinction crisis, but getting to the facts has been difficult. **Threatened Amphibians of the World** is a visual journey through the first ever comprehensive assessment of the conservation status of the world's 6,000 known species of frogs, toads, salamanders, and caecilians. All 1,900 species known to be threatened with extinction are covered, including a description of threats to each species and an evaluation of conservation measures in place or needed. Each entry includes a photograph or illustration of the species, where available, a distribution map, and detailed information on range, population, and habitat and ecology. Introductory chapters present a detailed analysis of the results, complemented by a series of short essays written by many of the world's leading herpetologists. Appendices include annotated

lists of lower risk species and a country by country listing of threatened amphibians pub desc **Nuclear Science**
