[month, day, year]

Dear Mr. Goodman,

I recently implemented a new client liaison protocol that reduced revision requests by 45% over six months. The system improved communication efficiency and ensured swift adaptation to evolving briefs. I hope to apply similar strategic skills as a print production artist at Minuteman Press.

As an innovative artist with over 7 years of on-call experience, I am excited by the chance to join the creative team at Minuteman Press. I believe that your company's reputation for leveraging cutting-edge illustration technologies aligns perfectly with my skill set. My recent achievements include:

- Training six interns to improve their use of the InDesign program, three of whom joined the company post-graduation as professional illustrators
- Consistently working efficiently on tight timescales, delivering 76% of projects early while ensuring a 99% satisfaction rate over two years
- Receiving glowing praise during my annual performance review for my strong understanding of branding and color selection

I look forward to attending an interview to discuss how my extensive experience producing branded literature and superb lettering skills can help your company continue its reputation for fast and high-quality service. Please contact me to set up an interview time.

Sincerely,

Terence Poole

Writing Your Journal Article in Twelve Weeks, Second Edition Wendy Laura Belcher, 2019-06-07 Wow No one ever told me this Wendy

Laura Belcher has heard this countless times throughout her years of teaching and advising academics on how to write journal articles. Scholars know they must publish but few have been told how to do so. So Belcher made it her mission to demystify the writing process. The result was *Writing Your Journal Article in Twelve Weeks* which takes this overwhelming task and breaks it into small manageable steps. For the past decade this guide has been the go to source for those creating articles for peer reviewed journals. It has enabled thousands to overcome their anxieties and produce the publications that are essential to succeeding in their fields. With this new edition Belcher expands her advice to reach beginning scholars in even more disciplines. She builds on feedback from professors and graduate students who have successfully used the workbook to complete their articles. A new chapter addresses scholars who are writing from scratch. This edition also includes more targeted exercises and checklists as well as the latest research on productivity and scholarly writing. *Writing Your Journal Article in Twelve Weeks* is the only reference to combine expert guidance with a step by step workbook. Each week readers learn a feature of strong articles and work on revising theirs accordingly. Every day is mapped out taking the guesswork and worry out of writing. There are tasks, templates and reminders. At the end of twelve weeks graduate students, recent PhDs, postdoctoral fellows, adjunct instructors, junior faculty and international faculty will feel confident they know the rules of academic publishing and have the tools they need to succeed.
