The Intellectual Dark Web Jamie Q Roberts, 2025-03-17 Outside of the progressive academics and activists whose ideology came to dominate the West in the second decade of the twenty first century arguably no group influenced public discourse as much as the Intellectual Dark Web Challenging the restrictive and relativistic intellectual and cultural orthodoxies on the left that engulfed universities the media and big tech this group a loose collective of politically diverse intellectuals commentators and scholars critical of political correctness identity politics and cancel culture relied on alternative platforms like podcasts digital magazines and YouTube to advocate for free speech universal rights and individual liberty While the term is most commonly identified with Jordan Peterson Sam Harris Ben Shapiro Claire Lehmann Douglas Murray and Joe Rogan as author Jamie Q Roberts shows the group s concerns and philosophy extended more broadly to include a wide range of individuals who helped mainstream critiques of woke culture and a robust defense of free speech including Steven Pinker Jonathan Haidt Ayaan Hirsi Ali Stephen Fry and Elon Musk Although the Intellectual Dark Web s coherence began to unravel in the early 2020s due to internal differences such as over the response to COVID 19 and climate change it played a determining role in changing the politico cultural landscape influencing both electorally successful right wing platforms and playing a major role in the rise of an independent media ecosystem that is today in many ways more influential than mainstream media Indeed as Roberts argues the Intellectual Dark Web s full legacy and historical impact is yet to be determined The ideas and principles its members championed continue to define not only the ongoing effort to protect universal rights and individual freedoms but also the current and future direction of global policy and politics

nearly two dozen of the cases since 2010 in which students who in all likelihood would have or have subsequently been found not guilty in a court of law have in a lopsided process been hastily and carelessly branded as sex criminals and expelled or otherwise punished by their colleges often after being tarred and feathered by their fellow students And it shows why all students and eventually society as a whole are harmed when our nation s universities abandon pursuit of truth and seek instead to accommodate the passions of the mob As detailed in the new Epilogue some encouraging events have transpired since this book was first published in October 2016 A majority of the judicial rulings in dozens of lawsuits by male students claiming their schools treated them unfairly and discriminated against them based on their gender have rebuked the schools for their handling of these cases And Education Secretary Betsy DeVos called for fairness to accused students and accusers alike revoked most of the guilt presuming Obama era policies and began a protracted rule making process designed to compel procedural fairness and nondiscrimination *Official Gazette of the United States Patent and Trademark Office* ,2006 **The W.B.A. Review** ,1958 **Women and Men in Management** Gary N.
