Instagram: How a Photo-Sharing App Achieved a \$1 Billion Facebook Buyout in 18 Months Sarita Harbour, 2012-07-30

ABOUT THE BOOK On April 5, 2012, Instagram was valued at 500 million dollars as part of a new round of funding with investors. Just a few days later, Mark Zuckerberg, CEO of Facebook, negotiated to buy it for 1 billion 300 million cash and 700 million in Facebook shares. CNN called it one of the biggest deals in recent business tech history, not too shabby for a business only 18 months old and a great inspiration to small companies everywhere. However, Facebook's acquisition received mixed reviews and many raised eyebrows in the technology and business world. As details emerge regarding the buyout and as analysts scramble to make sense of the deal, there are many questions. How did Zuckerberg and Kevin Systrom of Instagram arrive at a figure of 1 billion? What implications does this deal have for Facebook when it goes public in an expected Initial Public Offering in May 2012? Why does Facebook want Instagram so badly? What can businesses learn from this deal and how the heck did a tiny company without any revenue become so desirable in just 18 months? While Instagram's buyout by Facebook was viewed by many as a surprise acquisition, it illustrates the increasing importance of the image-based social sharing platforms in today's technology business world. Facebook already had a photo sharing mobile photo sharing program, but it was slow to load and clumsy to use. For the past several years, a team had been working on developing a solution. As recently as last summer, rumours circulated about a Facebook iPhone photo sharing application that would make it easier for users to upload, edit, and share their photos. With changes in team members and little to show for their work, nothing more was heard of Facebook's progress until February 2012, when Business Insider magazine reported new product boss Dirk Stoop was working on a new solution to the problem. Zuckerberg was reported in the New York Times piece *With Instagram Deal, Facebook Shows its Worth* as saying, "We don't plan on doing many more of these if any at all, but providing the best photo sharing experience is one reason why so many people love Facebook and we knew it would be worth bringing these two companies together." It is safe to assume that Facebook's own product was not working out as hoped, leading Zuckerberg to buy the best photo sharing experience instead of developing it. In addition to examining details of the acquisition, there are broader issues to address. How can businesses use Instagram and Facebook to build their own brands? What does this deal say about Facebook's predictions for the mobility market and photo sharing platforms? While Zuckerberg's official statement is that Instagram will continue operating as a separate platform from Facebook and that people who have Instagram but aren't on Facebook can continue using their favorite app, how will Instagram change now that it is owned by Facebook? In this book, we will address these questions and review a quick history of Instagram. We'll examine the events of Easter weekend that led

to the Instagram buyout and get a glimpse into the fast moving world of high tech business and multi billion dollar companies

EXCERPT FROM THE BOOK Mark Zuckerberg and Facebook paid 1 billion for a business that doesn't have any revenue Why In a nutshell Facebook purchased Instagram to take custody of its users before Facebook competitors did to strengthen its position in the mobile phone market and to get rid of a potentially difficult competitor As people in the tech world often say money follows the users The recent availability of Instagram for Android users had Zuckerberg concerned especially when the Instagram user population jumped by 10 million people in 10 days buy the book to continue reading

How To Earn More Than \$100 Making Memes Malik Jordan, 2020-04-06 A useful short affordable book that teaches you how to earn more money with memes has finally been written Malik Jordan My name is Malik McCotter Jordan but you can call me Malik Jordan I am the author of this book How To Earn More Than 100 Making Memes in 4 Simple Steps 2020 is quite frankly nothing but a short book showing aspiring professional funny meme creators how to make money on fiverr com Most authors overpromise and under deliver when they write their book introduction That is not what I am about to do In this introduction I will tell you how to earn more than 100 making memes in 4 simple steps My advice will be practical and straight to the point Let s Be Honest Book introductions are basically a form of marketing to get people to buy the book In this book introduction I am going to be very transparent with you I ll be so transparent with you that you may lose interest in this book and choose not to buy it and that is fine with me Did I write this introduction to market it to you and to get book sales The answer is yes but I do not want just anyone to buy this book I want this book to be bought by people who are serious about earning money with memes Why I Wrote This Book s

Introduction I wrote this book's introduction to get sales and weed out the people who would be wasting their time if they bought this book. I am not like all of the other writers out there. I am not desperate for your money. This book is not for everybody and I knew this before I even began writing it. This is not the book for you if you do not already know how to make memes. This book is for people who already have experience in making memes. This book is for people who would like to know how to go about earning money with their already established meme creating abilities. This book does not teach you how to make a meme. This book doesn't take more than a week to read and it isn't expensive at all. This Book Is Cheap. For just the low price of 2.99 you can learn how to earn more than 100 making memes. According to CollegeBoard.com the national average for college textbooks is 1,137 per year. You purchasing this book will be an inexpensive investment in your future and if you practice the 4 SIMPLE steps in this book it will pay for itself. 3 Reasons Why This Book Is So Cheap. The first reason why this book is so cheap is because most people who would be interested in a book like this are millennials. Millennials are the poorest generation so far. That's why I made this book 2.99 and not 14.99 when I self-published it. The second reason this book is so cheap is because it is SUPER short. Usually when you hear advice that is straight to the point it is short. The truth is usually short, straight to the point, and simple just like this book. The third reason why this book is so cheap is because it didn't take a lot of money to write and self-publish this book. In the first place I don't owe a book publishing company money so I'm not about to charge you over 10 for a book like this. What You Are Being Sold I'm not selling you the perfect book because the perfect book doesn't exist no matter how much work I put into it or hire someone else to put into it. I'm selling you a book with practical, easy-to-understand steps on how to earn more than 100 making memes. QUICK DISCLAIMER Before I get into the 4 steps that will be taught to you I want to let you know a few things. This is not a scam. No, the steps will not be easy but they are not hard either. The 4 steps are SIMPLE. If you aren't satisfied you can get your money back. Usually when people do research on how to create an extra stream of income they come across things like affiliate marketing and making YouTube videos. This book is most likely the first book to ever teach people how to turn their passion for memes into an additional stream of income. Don't Cheat The System The most challenging steps are steps one, two, and four. Step three is the part I am sure you will like. Unfortunately if you do not do steps one and two you will not be able to do the rest of the steps so do not try to cheat this system. You will only be wasting your own time. Can I Earn More Than 100 Making Memes I know what you're probably thinking and the answer is yes. You can earn more than 100 making memes. I have done it before. There is no limit to how much money you can earn making memes. What this book focuses on the most is teaching you and everyone else who buys this book how to earn their FIRST 100 dollars making memes. As long as you have a talent for making memes and self-efficacy you will be able to earn more than 100 making memes. Elephant In The Room Now let's address the elephant in the room. You most likely doubt I earned 100 making memes and that is okay. It is perfectly normal to be skeptical. If I were you I would be suspicious too. I have proof that I earned 100 making memes. Just visit the following web address <https://tinyurl>

com y972bmoo The elephant in the room has finally been addressed and now it is time for you to take action QUICK SUMMARY STEP ONE BUILD CREDIBILITY THROUGH CONTENT MARKETING STEP TWO EARN MORE THAN 100 BY STARTING A BUSINESS STEP THREE COLLECT YOUR REVENUE AND GET PAID STEP FOUR TAKE EVERYTHING YOU HAVE LEARNED AND TURN IT INTO A BOOK THAT YOU CAN SELF PUBLISH ON AMAZON COM ACT NOW Do you or do you not want to know how to earn more than 100 making memes Are you already experienced in creating funny memes regularly for free and would like to know how to earn money doing it If you answered yes to these 2 questions above then do yourself a huge favor and buy this inexpensive book This book can be yours today for just 2 99 You can t find a brand new college textbook being sold for 2 99 but you can own this one for 2 99 right now If you want 4 practical pieces of advice that will help you create an extra stream of income making memes this is the book you need to be buying right now Most authors would charge 2 to 3 times more than 2 99 This book is practically a steal Act now Buy How To Earn more than 100 Making Memes In 4 Simple Steps 2020 for 2 99 today CALL TO ACTION If this is something you are interested in because you think it will help you out then you should buy How To Earn More Than 100 Making Memes in 4 Simple Steps 2020 today risk free If you re not satisfied with this book within the first 30 days then you can get your money back guaranteed no questions asked Begin your journey on discovering new possibilities with How To Earn More Than 100 Making Memes in 4 Simple Steps 2020 today Act fast because the price of this book will not be this low forever

Chronicles of Care: A Design History of the COVID-19 Virus Paul A. Rodgers, Fernando Galdon, Craig Bremner, 2024-04-16 The Covid 19 crisis and the designed interventions that the authors have catalogued in this book prove definitively that design does care The authors documented this as it evolved every day from the 1st January 2020 to 31st May 2020 inclusive Then they looked at all of this care and caring from the point of view of design and by the sheer volume of design interventions they have documented illustrate that design is good in a crisis What the Covid 19 pandemic illustrated is that for the first time in modern history capital was totally irrelevant Money could not save your life Only design could Rapidly designed masks shelters hospitals instructional posters infographics dashboards respirators sanitisers virtual and local communities emerged to save us From January 2020 design became king The Covid 19 global pandemic presented an ontological reality design is more than margins or profit In fact design became extremely valuable when it stopped concentrating on those things and started to care about peoples lives This brief episode in history is still repositioning the status of design and reconfiguring its signifier from consumption to care The contents of this book cover the outbreak lockdown and the beginning of the reopening in the UK In between the book functions as a history of pandemic crisis design interventions As such it is a research in the moment project where we have illustrated our thoughts and insights in tables charts and diagrams We have accepted all design interventions as valid and given them the same role and status by presenting each of them in a standard format No curation No selection No position The task of critical analysis must follow perhaps by us certainly by others
