Oral Tradition Of Classical Arabic Poetry Its Character And Implications:

The Oral Tradition of Classical Arabic Poetry Michael Zwettler, 1978 **The Oral Traditions of Classical Arabic Poetry** Michael Zwettler, 1978 **Early Islamic Poetry and Poetics** Suzanne Pinckney Stetkevych, 2017-05-15 This volume brings together a set of key studies on classical Arabic poetry ca 500 1000 C E published over the last thirty five years the individual articles each deal with a different approach period genre or theme The major focus is on new interpretations of the form and function of the pre eminent classical poetic genre the polythematic qasida or Arabic ode particularly explorations of its ritual ceremonial and performance dimensions Other articles present the typology and genre characteristics of the short monothematic forms especially the lyrical ghazal and the wine poem After thus setting out the full poetic genres and their structures the volume turns in the remaining studies to the philological rhetorical stylistic and motival elements of classical Arabic poetry in their etymological symbolic historical and comparatist dimensions Suzanne Pinckney Stetkevych s Introduction places the articles within the context of the major critical and methodological trajectories of the field and in doing so demonstrates the increasing integration of Arabic literary studies into contemporary humanistic scholarship The Selected Bibliography complements the Introduction and the Articles to offer the reader a full overview of the past generation of Western literary and critical scholarship on classical Arabic poetry *Studien zur Komposition der mekkanischen Suren* Angelika Neuwirth, 2012-02-14 Der Koran als Text von der Forschung jahrzehntelang marginalisiert r ckt mit dem Bekanntwerden ltester Manuskriptfunde aus San a wieder ins Interesse der Islamforschung Angesichts des Fehlens zeitgen ssischer Zeugnisse f llt dem Koran als historischem Dokument f r die fr heste Islamentwicklung einzigartige Bedeutung zu ein Sachverhalt der jedoch f r die Fr hislamdebatte bisher noch nicht fruchtbar gemacht werden konnte Denn zum einen sperrt sich der Koran mit seiner schwer zug nglichen Gesamtstruktur gegen eine historische Lekt re zum anderen kann der poetische Text des Koran kann erst dann historisch ausgewertet werden wenn sein literarischer Code entziffert ist Dazu werden in der wiederabgedruckten Untersuchung von 1981 s mtliche mekkanischen Suren einer Strukturanalyse unterzogen und literaturwissenschaftlich auf ihre Geneseprozesse hin untersucht die auch ein Licht auf die historische Entwicklung der Gesamtstruktur werfen Angelika Neuwirth erweitert den Nachdruck um eine neue religionsgeschichtliche Studie in der die Ergebnisse historisch ausgewertet werden indem die Suren erstmals als Zeugnisse einer Geschichte der Koranverk ndung und protoislamischen Gemeindebildung gelesen werden Arabic, Qur'ān, and Poetic License Shady Hekmat Nasser, 2025-03-31 This book examines the similarities between the Qur n and ancient Arabic poetry analyzed through the framework of Arabic grammar prior to their standardization and subsequent development into distinct genres Of central relevance is the relationship between the Qur n and Arabic poetry and how Muslim scholars defined this relationship based on a formulaic structural approach rather than a thematic and motif oriented one The book aims to reposition the so called

non standard usages of Arabic vernaculars non canonical readings of the Qur'an and unusual grammatical structures in ancient poetry at the heart of the Arabic Islamic tradition The book deals with different theological legal and social controversies regarding the proper recitation of the Qur'an and its individuation from poetry and other verbal arts For the first time this study offers a comprehensive categorization of unusual grammatical structures in both the Qur'an and ancient Arabic poetry which Arab grammarians classified as poetic license The close affinity between the linguistic styles of the Qur'an and ancient Arabic poetry suggests that the Qur'an was a form of ancient Arabic poetry To individuate the Qur'an Muslim scholars put in place various theological and legal restrictions for its proper recitation the most important of which was tajwīd Qur'anic recitation The book will interest students and scholars of Qur'anic and Islamic studies as well as those researching Arabic poetry and grammar *The Routledge Handbook of Arabic Poetry* Huda Fakhreddine, Suzanne Pinckney Stetkevych, 2023-12-22 Comprised of contributions from leading international scholars The Routledge Handbook of Arabic Poetry incorporates political cultural and theoretical paradigms that help place poetic projects in their socio political contexts as well as illuminate connections across the continuum of the Arabic tradition This volume grounds itself in the present moment and from it examines the transformations of the fifteen century Arabic poetic tradition through readings re readings translations reformulations and co optations Furthermore this collection aims to deconstruct the artificial modern pre modern divide and to present the Arabic poetic practice as live and urgent shaped by the experiences and challenges of the twenty first century and at the same time in constant conversation with its long tradition The Routledge Handbook of Arabic Poetry actively seeks to destabilize binaries such as that of East West in contributions that shed light on the interactions of the Arabic tradition with other Middle Eastern traditions such as Persian Turkish and Hebrew and on South South ideological and poetic networks of solidarity that have informed poetic currents across the modern Middle East This volume will be ideal for scholars and students of Arabic Middle Eastern and comparative literature as well as non specialists interested in poetry and in the present moment of the study of Arabic poetry *Die koranische Herausforderung* Matthias Radscheit, 2021-10-11 Keine ausführliche Beschreibung für Die koranische Herausforderung verfügbar [The Emergence and Linguistic Background of Judaeo-Arabic](#) Joshua Blau, 1981 [Die exegetischen Teile des Kitab al-'Ayn](#) Mohammad-Nauman Khan, 2021-10-11 Keine ausführliche Beschreibung für Die exegetischen Teile des Kitab al Ayn verfügbar *Epistemology of the Quran* M. Ashraf Adeel, 2019-07-17 This book examines all verses of the Quran involving knowledge related concepts It begins with the argument that an analysis of the Quranic concept of ignorance points to epistemic virtues that can pave our way towards gaining knowledge and or understanding It deals with the Quranic concepts of perceptual rational and revelatory knowledge as well as understanding and wisdom in the light of recent discussions in Western analytic epistemology It also argues that the relevant Quranic verses seem to involve concept of an epistemic conscience whose proper exercise can yield knowledge or understanding While not overlooking the Quranic emphasis on revelation as a source

of knowledge the book draws our attention to a remarkable overlap between some strains of contemporary virtue epistemology and Quranic approach to knowledge It shows that the Quranic verses suggest a progressive sequence from propositional knowledge to understanding to wisdom The Semitic Languages Stefan Weninger,2011-12-23 The handbook The Semitic Languages offers a comprehensive reference tool for Semitic Linguistics in its broad sense It is not restricted to comparative Grammar although it covers also comparative aspects including classification By comprising a chapter on typology and sections with sociolinguistic focus and language contact the conception of the book aims at a rather complete unbiased description of the state of the art in Semitics Articles on individual languages and dialects give basic facts as location numbers of speakers scripts numbers of extant texts and their nature attestation where appropriate and salient features of the grammar and lexicon of the respective variety The handbook is the most comprehensive treatment of the Semitic language family since many decades **The Politics and Culture of an Umayyad Tribe** Mohammad Rihan,2014-06-04 The Umayyad caliphate ruling over much of what is now the modern Middle East after the death of the Prophet Muhammad governe from Damascus from 661 to750CE when they were expelled by the Abbasids Here Mohammad Rihan sheds light on the tribal system of this empir by looking at one of its Syrian tribes the Amila based around today s Jabal Amil in southern Lebanon Using this tribe as a lens through which to examine the wider Umayyad world he looks at the political structures and conflicts that prevailed at the time seeking to nuance the understanding of the relationship between the tribes and the ruling elite For Rihan early Islamic political history can only be understood in the context of the tribal history This book thus illustrates how the political and social milieu of the Amila tribe sheds light on the wider history of the Umayyad world Utilizing a wide range of sources from the books of genealogies to poetry Rihan expertly portrays Umayyad political life First providing a background on Amila s tribal structure and its functions and dynamics Rihan then presents the pre Islamic past of the tribe Building on this he then investigates the role the Amila played in the emergence of the Umayyad state to understand the ways in which political life developed for the tribes and their relations with those holding political power in the region By exploring the literature culture kinship structures and the socio political conditions of the tribe this book highlights the ways in which alliances and divisions shifted and were used by caliphs of the period and offers new insights into the Middle East at a pivotal point in its early and medieval history This historical analysis thus not only illuminates the political condition of the Umayyad world but also investigates the ever important relationship between tribal political structures and state based rule *Themes and Transformations in Old Testament Prophecy* Samuel A. Meier,2014-08-15 We meet the prophets of Israel in our own time and in one place Scripture So it might seem odd to consider that they are not all the same these voices from back then In fact the prophets inhabited a time span of hundreds of years and faced events that on their own terms were more convulsive than our 9 11 They were not uniform in their language their concerns their personalities their remedies or their visions of the future In this book Sam Meier explores some

recurring themes and features such as angels writing miracles the future and kingmaking all with an eye on their transformation over time And the defining event in this transformation turns out to be the great convulsive event of the story of Israel the defeat and exile of the kingdom of Judah Themes and Transformations in Old Testament Prophecy is a book that goes beyond the standard introductions to the prophets Yet it does so in a way that will inform and intrigue beginning students and anyone curious about the prophets of Israel *How Literatures Begin* Joel B. Lande, Denis Feeney, 2021-07-20

The emergence of a literature in any language is an improbable and complex historical achievement In fact many known languages throughout history did not develop writing let alone a literature This book a collectively written early history of different literary traditions across the globe and through time presents a global comparative account of literary origins spanning the Mediterranean Asia Europe Africa and the Americas Seventeen chapters each written by a scholar with expertise in a particular language and literature trace the creation of writing and its interaction with oral practices the rise of print circulation the passage from sacred to secular writing and reading practices the use of cultural models the role of translation and related issues as they apply to the emergence of literature The contributions explore the historical context as well as the practices technologies and institutions that encouraged the emergence of distinct literatures from classical Chinese and the resultant establishment of Japanese and Korean traditions to the advent of Greek Hebrew Arabic and other literatures of the Mediterranean the birth of European vernaculars against the cosmopolitan backdrop of post classical Latin and the later development of African American and Latin American literatures under conditions of colonial expansion and racial oppression The volume is designed to enable readers to better understand the similarities as well as the differences in the origins of major and enduring literatures across time **Secularism in the Arab World** al-Azmeh Aziz

al-Azmeh, 2020-03-18 This book is a translation of Aziz al Azmeh's seminal work *Al Ilmaniya min mandhur mukhtalif* that was first published in Beirut in 1992 Both celebrated and criticised for its reflections on Arab secularisation and secularism in the modern history of the Arab World it is the only study to date to approach its subject as a set of historical changes which affected the regulation of the social political and cultural order and which permeated the concrete workings of society rather than as an ideological discussion framed from the outset by the assumed opposition between Islam and secularism The author takes a comprehensive analytical perspective to show that an almost imperceptible yet real multi faceted and objective secularising process has been underway in the Arab world since the 1850s The early onset was the result of adapting to systemic novelties introduced at the time and a reaction to the perceived European advance and local retardation The need for meaningful reform and the actions taken in order to put in place a new organisation of state and society based on modern organisational and educational criteria rather than older religious traditions stemmed from the perceived weakness of Arab polities and from an internal drive to overcome this situation The book follows these themes into the close of the 20th century marked with the rise of Islamism A preface to the English translation takes a retrospective look at the

theme from the vantage point of social political and intellectual issues of relevance today **Poetry and Prophecy** James L. Kugel, 1990 **Language and Ecology in Southern and Eastern Arabia** Janet C.E. Watson, Jon C. Lovett, Roberta Morano, 2022-10-20 Regions of the world with greatest biodiversity are shown to exhibit greatest linguistic diversity strongly suggesting that the relationship between language and ecology is both symbiotic and spatially and temporally determined This volume examines the expressions of and threats and challenges to this relationship in southern and eastern Arabia Exploring the ways in which indigenous languages reflect the close relationship between people and their natural environment this book presents an overview of the key threats and challenges and introduces the methodologies used to investigate them Across the chapters case studies are presented dealing with language gesture and ecology the significance of naming the role of narratives in the language ecology relationship and conservation and revitalisation of bio cultural diversity in Arabia Taking a multidisciplinary view this book argues for the central role that language plays in facing the challenges and threats to bio cultural diversity and presents methods for the study of the language nature relationship that can be applied globally **Diglossia and Language Contact** Lotfi Sayahi, 2014-04-24 This volume provides a detailed analysis of language contact in North Africa and explores the historical presence of the languages used in the region including the different varieties of Arabic and Berber as well as European languages Using a wide range of data sets it provides a comprehensive analysis of the mechanisms of language contact under classical diglossia and societal bilingualism examining multiple cases of oral and written code switching It also describes contact induced lexical and structural change in such situations and discusses the possible appearance of new varieties within the context of diglossia Examples from past diglossic situations are examined including the situation in Muslim Spain and the Maltese Islands An analysis of the current situation of Arabic vernaculars not only in the Maghreb but also in other Arabic speaking areas is also presented This book will appeal to anyone interested in language contact the Arabic language and North Africa *The Ecology of Arabic* Muḥammad Sharqāwī, Muhammad al-Sharkawi, 2010-11-11 This book offers a comprehensive theory of Arabicization in the Middle East and Egypt in the early period of the Arab conquests It thereby draws on old Arab grammarians coupled with modern research in second language acquisition
