SCM Core Text: The Book of Revelation Simon Woodman, 2013-01-25 For most people Revelation is a book that is either largely ignored or it is the object of such fanatical study and fanciful interpretation that it passes from the realm of the interesting and helpful into the realm of fantasy and speculation Much literature has been published in recent years on its interpretation some of which is scholarly and technical and some of which is populist and accessible The problem is that the technical and scholarly material frequently requires careful and detailed study combined with an advanced level of knowledge whereas much of the populist material tends toward the fanatical and fanciful The aim of this book is to bridge this gap It is written with second and third year university students in mind and would also be helpful for pastors and those in local churches who want to take seriously their study of this often needlessly confusing biblical book **The Illustrative Lesson Notes**, 1890 **Through Boyhood to Manhood** Ennis Richmond, 1899 **Peloubet's Select Notes on the International Bible Lessons for Christian Living**, 1890 **The academy**, 1895 *Academy; a Weekly Review of Literature, Learning, Science and Art*, 1895 The Poetical gazette the official organ of the Poetry society and a review of poetical affairs nos 4 7 issued as supplements to the Academy v 79 Oct 15 Nov 5 Dec 3 and 31 1910 Notes, explanatory and practical, on the Epistles of Paul to the Corinthians.
