

Berlin blockade

By 1948 the distrust between the USA and USSR was so great that leaders were talking in public about the threat of war between them

- > the two sides actually increased their stock of weapons
- > each side took every opportunity to denounce the policies or the plans of the other
- > a propaganda war was developed
- > despite all threatening talk the two sides never actually fired on one another
- > but in 1948 they came dangerously close to a war

The western zones recover

After the war Germany was divided into four zones

- > Germany was a real headache for the western allies
- > after the destruction of war their zones were in economic chaos
- > Stalin feared a recovering Germany and wanted to keep the crippled
- > was clear to the allies that Germany could not feed its people if it was not allowed to rebuild its industries
- > Britain, France and USA combined their zones in 1946 to form one which was called Trizonia to start with but in 1949 became known as west Germany
- > in 1949 they reformed the currency and in months there were signs that they were recovering

The blockade

Stalin felt that the USA's handling of western Germany was provocative

- > he could do nothing about the reorganisation of western zones, or new currency
 - > he felt he could stamp his authority on Berlin
 - > was deep in the soviet zone and linked to western zones of Germany by vital roads, railways and canals
 - > in June 1948 Stalin blocked all these supply lines
-
- > cutting off the 2 million strong population of west Berlin from western help
 - > Stalin believed this would force the allies out of Berlin and make them entirely dependent on USSR

Notes From The Blockade:

Notes From the Blockade Lydia Ginzburg, 2011-05-31 The 900 day siege of Leningrad 1941-44 was one of the turning points of the Second World War. It slowed down the German advance into Russia and became a national symbol of survival and resistance. An estimated one million civilians died, most of them from cold and starvation. Lydia Ginzburg, a respected literary scholar who meanwhile wrote prose for the desk drawer through seven decades of Soviet rule, survived. Using her own notes and sketches she wrote during the siege, along with conversations and impressions collected over the years, she distilled the collective experience of life under siege. Through painful depiction of the harrowing conditions of that period, Ginzburg created a paean to the dignity, vitality and resilience of the human spirit. This original translation by Alan Myers has been revised and annotated by Emily van Buskirk. This edition includes *A Story of Pity and Cruelty*, a recently discovered documentary narrative translated into English for the first time by Angela Livingstone.
