No B.S. Guide to Direct Response Social Media Marketing Dan S. Kennedy, Kim Walsh Phillips, 2020-05-19 Everyone's Talking About It But Nobody Knows What They're Talking About Social Media Examiner's 2018 Social Media Marketing Industry Report found that only 10% of respondents strongly agree that they can measure ROI yet half of them will dedicate increased time and money to social media marketing instead of cutting back. Millionaire maker Dan S. Kennedy joined by marketing strategist Kim Walsh Phillips tells it like it is. If you're not focusing on converting traffic into sales you might as well set your money on fire. Kennedy and Walsh Phillips open up their playbook and show you how to stop being a social media victim and accepting non-monetizable likes and shares as a return on your time, money and energy and start using your platform for its true purpose as another channel to reach customers, gain leads and make sales. Learn how to Turn passive content into an active conversion tool. Become a lead magnet with social media profiles that focus on the needs of ideal prospects not the product or service. Create raving fans who introduce you to their networks. Turn niches into riches. Laser in on your perfect prospects and ignore the tire kickers. Harness the biggest secret in social media. Discover the principles behind successful marketing campaigns and start making dollars and cents out of your social media strategy. **A**

Retail Therapy Mark Pilkington, 2019-01-10 An insightful review of the collapse of the traditional retail sector in the West and a roadmap for its potential recovery. Almost weekly the news is full of stories about disappearing retail chains. From House of Fraser and BHS to Toys R Us and Sears, recognised names are vanishing overnight as such large organizations disappear so the malls, shopping centres, high streets and main streets become emptier and less appealing to visit. The retail

sector is hugely important in terms of job numbers in the US it employs around 30 million people directly and indirectly in the UK around 10 million As such anything that jeopardises the retail sector will have a deep and lasting impact on millions of lives as well as on public policy While many blame the Amazon effect this is an oversimplification Deeper forces are at work that are changing people's relationships with brands the balance of power between producers and consumers and the whole nature of the supply chain that has existed since the industrial revolution Retail Therapy offers a comprehensive analysis of these forces and their impact on the world of retailing More importantly it presents a cogent analysis of the longer term trends that are shaping retailing and outlines a clear road map for sustainable success in the future **Bowker's**
