turn dictates a child's understanding and ability to perform the specific skills associated with academic success. Ultimately, the text highlights the critical need for improved understanding of how in and out of school factors impact child behaviors and offers key recommendations to prevent the perpetuation of racial and socioeconomic inequalities in schools and classrooms. This insightful volume will be of particular interest to postgraduate students, researchers, and academics in the fields of Early Childhood Education and the Sociology of Education. Those with a focus on racial, ethnic, and social inequalities more broadly will also find the book of interest.
