Wild Words Volume 6 Leitrim County Council Arts Office, 2018 A collection of writing by young people produced as part of the Wild Words Children's Book Festival Carrick on Shannon Co Leitrim Ireland *Representation of Disability in Children's Video Games* Krystina Madej, 2024-01-10 Representation of Disability in Children's Video Games looks at how children's engagement with characters and stories in video games helps create the perception of disability they have as teens and adults Drawing on child development theory supported by neuroscience the book shows how the scaffold of information the schema adults have of disability is first created at a very young age as they interact through play with characters with disabilities in narrative video games Positing that early video game play experiences should provide exposure to narrative schemas that add understanding and help create meaning about the disability represented the book presents how such representation in children's video games maps against cognitive development and the psychomotor and cognitive needs and abilities of children 3-12 Through close readings of over 40 PEGI 3 and PEGI 7 ESRB E 10 games and analysis of games as diverse as Backyard Baseball and Sly Cooper the author defines broad categories of representation representation as cosmetic providing exposure but not game play utility as incidental used as a device that provides purpose for the narrative or as more authentically representing the disability as integral to the character and their life The book provides readers with an overview of contemporary games that betters their understanding of how children's games present disability and how children create their perceptions through interaction with characters and stories This book will be of interest to academics and students of game studies in topics such as behavioural science ethics and HCI as well as in sociology communications and digital media It is pertinent in particular to game developers and to educators disability advocates parents and policy makers

An original and surprising look at World War II from the other side. Nelson DeMille. When World War II begins, Max Brekendorf, a proud young German naval officer, fights for his country with honor and courage. With the unstoppable German war machine overrunning Europe, Max looks ahead to a bright future with his fiancée, Marethe. But as the war progresses, their future together becomes less and less certain. German victories begin to fade. In the North Atlantic, Max must face the increasing strength of the Allies on ever more harrowing missions. Berlin itself is savaged by bombing, making life for Marethe increasingly dangerous and desperate. And as the Third Reich steadily crumbles, Nazi loyalists begin to infiltrate Max's crew and turn their terror on Germany's own armed forces. Recognizing what his nation has become, Max is forced to make a choice between his own sense of morality and his duty to the Reich. With its stirring, rarely seen glimpse of the German home front during WWII, vivid characters, and evocation of the drama and terror of war at sea, *An Honorable German* is a suspense-filled story of adventure, love, and loss, and of honor and redemption. A fast-paced, old-fashioned naval yarn that crackles with authenticity, *An Honorable German* will leave the taste of salt on your tongue as you breathlessly turn the pages.
