specifically for the Series 4 Apple Watch While much of the content applies equally to older models please know that I didn't attempt to cover discontinued features like glances or time travel As a final selling point I make an intentional effort to avoid a few of my pet peeves and those pertain to incomplete or half a ed instructions I frequently see directions such as tap and go to settings but they leave novice users asking tap where In another example I read the instructions mentioned a workout playlist and how to enable it but assumed nothing went awry and something ALWAYS goes awry I intend to cover those bases for you And if I do by chance make the mistake of omitting a critical detail anywhere in this book know that I was probably distracted by my Apple Watch telling me to get moving or to breathe I apologize ahead of time it wasn't intentional
