most likely to relate to certain users based on their activity on the site So every time a user clicks through a post or spends a certain amount of time looking at a certain influencer Instagram is capturing that data in some way and building it into their engine to ensure that posts that users won't care about are less likely to show up in their feed We do know however that Instagram is looking at the following Timely content This is all about recency meaning if a user hasn't logged in for a while they won't have to scroll through outdated and no longer relevant posts They'll be shown timely content that matters to them Interest This is really the secret sauce as Instagram is paying attention and will serve content that it believes the user will be interested in Relationships Instagram knows what photos users tag and where they comment So if a user has interacted in some way with certain brands in the past they are far more likely to be served content from that brand or similar brands in the future For marketers this is a great thing It means that as Instagram learns more about your brand your posts and advertisements are more likely to get in front of your niche or target audience A few notes about Instagram Shopping With the release of Instagram Shopping in late 2016 Instagram literally turned their platform into an online marketplace While it is still a common practice to include website links to your business site and even to a product page now it is possible to allow the customer to transact directly on the Instagram platform For businesses that want to enable the Shopping capability they need to meet the following requirements You must have an Instagram business profile That business profile needs to be connected to a Facebook catalog Your company's registered headquarters location must be located in one of the Instagram approved countries Items for sale must be physical goods that comply with the trading guideline and terms of use set forth by Instagram As this Instagram Marketing Guide is intended as a resource for those getting started with Instagram marketing we will not be providing a deep dive of the Instagram Shopping capability Here is a Preview of What You Will Get A Full Book Summary An Analysis Fun quizzes Quiz Answers Etc Get a copy of this summary and learn about the book **Instagram Marketing Mastery for Restaurants** Deepak, Are you a restaurant owner struggling to stand out online attract customers or turn Instagram into a real sales tool Posting random food pics and hoping for results doesn't work anymore It's time to take control with a proven strategy designed specifically for restaurants like yours Instagram Marketing Mastery for Restaurants is the ultimate step by step blueprint to help you attract more local customers boost online engagement and grow your restaurant business using Instagram even if you're not tech savvy or starting from scratch This ebook is perfect for Restaurant owners new to Instagram marketing Caf and cloud kitchen operators wanting consistent online growth Hospitality marketers seeking a proven social media strategy Small food businesses looking to build a loyal customer base Anyone in food service looking to turn followers into paying guests Inside you'll learn how to Set up an Instagram profile that drives bookings and orders Discover your unique brand voice to build emotional connection Plan and create mouth watering content that converts Use Reels Stories and Lives to build massive engagement Reach local customers using the right hashtags and timing Handle negative feedback with professionalism Run low cost high impact Instagram ads for real ROI
