,2024-04-05 I am not sensitive to gluten as my previous books attest However neither am I immune to the dietary challenges brought about by the passionate consumption of products made with wheat as anyone who has seen me also knows There was a time when I was lean and mean and then I opened a bakery and began a love affair with bread products of all types Back in 1971 when I was twenty one I participated in a communally operated vegetarian restaurant in Boston in which no white flour white sugar or white rice was permitted to cross the threshold I read everything I could find on nutrition and various popular food philosophies of the time such as macrobiotics raw foods and sprouts wheat grass therapy food combining and juicing I even met Jack LaLanne one of my personal fitness heroes For three years I ate only organically grown food and unrefined whole grains and all of my childhood allergies and food sensitivities seemed to fade away At five feet six inches I weighed a lithe 136 pounds and felt great At the end of those three years we sold the restaurant and everyone moved on and in the next phase of my journey I once again became an omnivore Even as my weight gradually increased I maintained excellent health which I attributed to those three dynamic years of immersion in a healthful lifestyle By the time my wife Susan and I opened our own restaurant and bakery in 1986 I weighed 155 pounds and had become stocky When we sold the business seven years later I was up to 165 pounds and would have been heavier were it not for the daily physically intense work of baking thousands of loaves of bread which helped me burn off a lot of calories As soon as I stepped out of daily production and transitioned into teaching at culinary schools and writing books I started gaining more weight and quickly The accumulated effects of tasting glorious white flour breads of all types along with access to the handiwork of fabulous chefs and restaurants to which I lost all ability to say no caused my weight to balloon to over 200 pounds Searching for the perfect pizza as I researched my book American Pie didn't help either but I sure was having fun Fortunately I never stopped working out so even though I was to put it bluntly fat it was firm fat marbled with muscle Nonetheless it was cause for concern especially that most pernicious of fats belly fat So recently with Susan's encouragement I decided it was time to get serious about losing weight I had already met Denene Wallace a few years earlier at a private tasting of some of her gluten free products and was impressed with how good they were Gluten sensitivity is a subject I had been tracking since 1991 shortly after my first book Brother Juniper's Bread Book came out Around that time Loree Starr Brown who had been a regular customer at Brother Juniper's Bakery came in one day with a box of homemade breads and muffins based on the recipes in my book but all made with rice flour instead of wheat flour They were delicious Loree proceeded to educate me about celiac disease a medical condition that nearly killed her before it was finally diagnosed and treated by removing all traces of gluten from her diet **KETO - 15 Easy Recipes** Barry Lee,2023-01-24 A simple recipe

book which contains 15 recipes to start your ketogenic diet This book lists 5 keto breakfast recipes 5 keto lunch recipes and 5 keto dinner recipes Learn how I lost 77 Lbs in 12 months with these recipes **Keto for Cancer** Miriam Kalamian,2017-10-18 Keto for Cancer brings clarity to this emerging science and makes implementation of this information straightforward and uncomplicated David Perlmutter New York Times bestselling author This book addresses every question or concern that cancer patients might have in using a ketogenic metabolic strategy for managing their cancer Thomas Seyfried PhD THE comprehensive guide for patients and practitioners from a foremost authority in the emerging field of metabolic therapies for cancer Although evidence supporting the benefits of ketogenic diet therapies continues to mount there is little to guide those who wish to adopt this diet as a metabolic therapy for cancer Keto for Cancer fills this need Nutritionist Miriam Kalamian has written the book to lay out comprehensive guidelines that specifically address the many challenges associated with cancer and particularly the deep nutritional overhaul involved with the ketogenic diet Kalamian a leading voice in the keto movement is driven by passion from her own experience in using the ketogenic diet for her young son Her book addresses the nuts and bolts of adopting the diet from deciding whether keto is the right choice to developing a personal plan for smoothly navigating the keto lifestyle It is invaluable for both beginners and seasoned users of the ketogenic diet as well as for health care professionals who need a toolkit to implement this targeted metabolic therapy The book guides readers to a deeper understanding of the therapeutic potential of the ketogenic diet which extends well beyond simply starving cancer emphasizing the powerful impact the diet has on the metabolism of cancer cells Nutritional nuances and meal templates and tracking tools are explored in sections such as Fasting Protocols Know What s in the Foods You Eat Preparing Keto Meals Put Your Plan Into Action Kalamian also discusses important issues such as self advocacy empowering readers by offering tips on how to critically examine cancer care options and then incorporate what resonates into a truly personalized treatment plan **Low-Carb Italian Cooking** Francis Anthony,2004-03-10 The time has come for a gourmet complement to the extraordinarily popular low carb high protein diet popularized by Dr Atkins This book includes delicious recipes for such traditional dishes such as Chicken Marsala Veal Parmesan and Beef Bracciole as well as some of the Love Chef s more original recipes all guaranteed to be delicious **Master Your Diabetes** Mona Morstein,2017-10-12 Dr Morstein draws from the best of conventional and integrative therapies to provide diabetic patients an easy to implement program to regain their health Robb Wolf author of Wired to Eat The evidence is clear We are in the midst of a worldwide diabetes epidemic In the United States alone one in three Americans is either diabetic 29 million patients or prediabetic 87 million patients costing an annual 242 billion in medical treatments In Master Your Diabetes naturopathic physician and diabetes expert Dr Mona Morstein shows how people with both type 1 and type 2 diabetes can gain and maintain excellent control of their blood sugar levels preventing and even reversing existing complications through education combined with medical support and encouragement This is the first comprehensive guide for patients caregivers and medical practitioners
