Essentials of Public Health Communication Claudia Parvanta, 2011 Health Behavior Education Promotion **Essentials of Communicative Speech** Robert Tarbell Oliver, 1949 **Private and Confidential** James J. Barnes, Patience P. Barnes, 1993

The private letters usually dealt with matters of the greatest urgency and diplomatic delicacy and were intended only for the eyes of the recipients not for subordinates in the Foreign Office. They were sent with special care by diplomatic courier so as not to fall into the hands of the United States Post Office where they might be appropriated by press reporters. The Barneses have provided each letter with an introduction in order to place it in its contemporary context. Allusions within the letters are clarified by notes. Brief biographical sketches of key individuals are included in an appendix. Because of the private nature of these letters they give a fuller and more human dimension to the events they describe. There are remarkable insights concerning American politics and society by foreign diplomats who were not casual travelers but experienced observers trained to note and record their impressions.
