Net Value Valuing Dot Com Companies Uncovering The Reality Behind The Hype:

Bewertung von Wachstumsunternehmen Markus Rudolf, Peter Witt, 2013-07-02 Markus Rudolf und Peter Witt gehen in ihrem fundierten Buch auf die verschiedenen Bewertungsansätze und die spezielle Bewertungsproblematik von Wachstumsunternehmen ein. Sie stellen alle wichtigen traditionellen und innovativen Bewertungsmethoden vor und zeigen detailliert deren Voraussetzungen, Stärken und Grenzen auf. Dabei gehen die Autoren der Frage nach, ob die neuen Verfahren wirklich besser dazu geeignet sind, einen realistischen Unternehmenswert zu ermitteln. Reale Fallstudien vertiefen auf anschauliche Weise das Verständnis für die komplexen Zusammenhänge. Masterminding the Deal Peter Clark, Roger Mills, 2013-08-03 Following a quiet period in global M&A activity, a new boom seems to be underway, but in an age where two thirds of all merger deals can be said to fail, where deals fall short of the minimum required financial returns to the acquiring company, how can future success be guaranteed? And what can acquirers and their shareholders and advisers do to improve the chances of success? *Masterminding the Deal* looks at performance in two critical areas: merger segmentation, the identification of critical characteristics and attributes separating more successful mergers from the rest, and category-specific synergy diagnosis, the differentiation of synergy benefits, expenses, revenues, tax, to ensure maximum rewards. Through this in-depth analysis, the book provides the managers and advisers of acquiring firms with concise and actionable frameworks to improve and enhance merger performance. *Masterminding the Deal* will help you to identify and apply the key components of merger success. **The Handbook of Financial Communication and Investor Relations** Alexander V.

Laskin, 2017-09-07 The first book to offer a global look at the state of the art thinking and practice in investor relations and financial communication. Featuring contributions from leading scholars and practitioners in financial communication and related fields including public relations, corporate communications, finance and accounting, this volume in the critically acclaimed *Handbooks in Communication and Media* series provides readers with a comprehensive up-to-date picture of investor relations and financial communications as they are practiced in North America and around the world. *The Handbook of Financial Communication and Investor Relations* provides an overview of the past, present and future of investor relations and financial communications as a profession. It identifies the central issues of contemporary investor relations and financial communications practice, including financial information versus non-financial information, intangibles, risk, value and growth. Authors address key topics of concern to contemporary practitioners such as socially responsible investing, corporate governance, shareholder activism, ethics and professionalism. In addition, the book arms readers with metrics and proven techniques for reliably measuring and evaluating the effectiveness of investor relations and financial communications. Bringing together the most up-to-date research on investor relations and financial communication and the insights and expertise of an all-star team of practitioners, *The Handbook of Financial Communication and Investor Relations* explores how the profession is practiced in various regions of the globe, including North America, South America, Europe, the Middle East.

India Australia and other areas Provides a unique look at financial communication as it is practiced beyond the corporate world including in families the medical profession government and the not for profit sector Addresses big picture strategies as well as specific tactics for financial communication during crises the use of social media dealing with shareholder activism integrated reporting and CSR and more This book makes an ideal reference resource for undergrads and graduate students scholars and practitioners studying or researching investor relations and financial communication across schools of communication journalism business and management It also offers professionals an up to date uniquely holistic look at best practices in financial communication investor relations worldwide
