COVID-19 and the Media in Sub-Saharan Africa Carol Azungi Dralega,Angella Napakol,2022-09-19 This critical research collection focuses on Eastern and Southern Africa providing timely and valuable insights and reflections around the changes and stabilities within media ecosystems caused by the novel Covid 19 crises

Media Bias in Reporting Social Research? Martyn Hammersley,2007-01-24 In recent years the importance of disseminating the findings of social research has been given increased emphasis The most effective way in which this can be done is via the mass media However there are frequent complaints that media coverage of social and educational research is very limited and often distorted Through a detailed analysis of a particular case about ethnic inequalities in educational achievement this book examines some of the processes involved in the reporting of research findings and their implications for judgements about media distortion and bias This volume is relevant to many fields including education media studies cultural studies sociology and social policy

Resources in Education ,1999-10

Striving for Excellence ,2000 Each vol a compilation of ERIC digests

The National Education Priorities of the President and the U.S. Department of Education, Striving for Excellence, Volume IV: 2000 ,2000

Marketing Tourism and Hospitality Richard George,2021-05-08 This textbook explores the fundamental principles of marketing applied to tourism and hospitality businesses placing special emphasis on SMEs in the international tourism industry It includes examples from a wide range of destinations from emerging markets to high income countries Taking a comprehensive approach the book covers the whole spectrum of tourism and hospitality marketing including destination marketing marketing research consumer behaviour and digital and

social media marketing Practical in focus it gives students the tools techniques and underlying theory required to design and implement successful tourism marketing plans Chapters contain in depth case studies including companies like Marine Dynamics Shark Tours South Africa Reality Tours Travel Mumbai India and Makeover Tours Turkey Thematic case studies include Halal Tourism in Southeast Asia and Marketing and Branding Rwanda These illustrate key concepts and theory with definitions key summaries and discussion questions providing further insights This textbook is ideal for undergraduate and postgraduate students looking for a comprehensive text with a practical orientation **Handbook on the Economics of the Internet** Johannes M. Bauer, Michael Latzer, 2016-05-27 The Internet is connecting an increasing number of individuals organizations and devices into global networks of information flows It is accelerating the dynamics of innovation in the digital economy affecting the nature and intensity of competition and enabling private companies governments and the non profit sector to develop new business models In this new ecosystem many of the theoretical assumptions and historical observations upon which economics rests are altered and need critical reassessment **Mass Communications Research Resources** Christopher H. Sterling, James K. Bracken, Susan B. Hill, 2016-05-06 This reference book is designed as a road map for researchers who need to find specific information about American mass communication as expeditiously as possible Taking a topical approach it integrates publications and organizations into subject focused chapters for easy user reference The editors define mass communication to include print journalism and electronic media and the processes by which they communicate messages to their audiences Included are newspaper magazine radio television cable and newer electronic media industries Within that definition this volume offers an indexed inventory of more than 1 400 resources on most aspects of American mass communication history technology economics content audience research policy and regulation The material featured represents the carefully considered judgment of three experts two of them librarians plus four contributors from different industry venues The primary focus is on the domestic American print and electronic media industries Although there is no claim to a complete census of all materials on print journalism and electronic media what is available is now too vast for any single guide the most important and useful items are here The emphasis is on material published since 1980 though useful older resources are included as well Each chapter is designed to stand alone providing the most important and useful resources of a primary nature organizations and documents as well as secondary books and reports In addition online resources and internet citations are included where possible **Curriculum Development for Medical Education** Patricia A. Thomas, David E. Kern, Mark T. Hughes, Belinda Y. Chen, 2016-01-29 The third edition of this invaluable text reflects significant changes driving curriculum development and renewal throughout medical education Based on a proven six step model and including examples and questions to guide application of those timeless principles Curriculum Development for Medical Education is a practical guidebook for all faculty members and administrators responsible for the educational experiences of medical students residents fellows and clinical practitioners Incorporating revisions driven by

calls for reform and innovations in medical education that challenge established teaching models the third edition includes an awareness of new accreditation standards and regulatory guidelines The authors have expanded their discussion of survey methodology for needs assessment and stress the importance of writing competency based goals and objectives that incorporate milestones entrustable professional activities and observable practice activities With updated examples focusing on interprofessional education collaborative practice and educational technology they describe educational strategies that incorporate the new science of learning A completely new chapter presents the unique challenges of curriculum development for large long and integrated curricula The Structure and Dynamics of Networks Mark Newman,Albert-László

Barabási,Duncan J. Watts,2011-10-23 From the Internet to networks of friendship disease transmission and even terrorism the concept and the reality of networks has come to pervade modern society But what exactly is a network What different types of networks are there Why are they interesting and what can they tell us In recent years scientists from a range of fields including mathematics physics computer science sociology and biology have been pursuing these questions and building a new science of networks This book brings together for the first time a set of seminal articles representing research from across these disciplines It is an ideal sourcebook for the key research in this fast growing field The book is organized into four sections each preceded by an editors introduction summarizing its contents and general theme The first section sets the stage by discussing some of the historical antecedents of contemporary research in the area From there the book moves to the empirical side of the science of networks before turning to the foundational modeling ideas that have been the focus of much subsequent activity The book closes by taking the reader to the cutting edge of network science the relationship between network structure and system dynamics From network robustness to the spread of disease this section offers a potpourri of topics on this rapidly expanding frontier of the new science **The Latest and Best of TESS** ,1991 Media Review Digest C Edward Wall,2005-08
