Amazon Today:

Buy Now Emily West, 2022-02-22 How Amazon combined branding and relationship marketing with massive distribution infrastructure to become the ultimate service brand in the digital economy Amazon is ubiquitous in our daily lives we stream movies and television on Amazon Prime Video converse with Alexa receive messages on our smartphone about the progress of our latest orders In *Buy Now* Emily West examines Amazon's consumer-facing services to investigate how Amazon as a brand grew so quickly and inserted itself into so many aspects of our lives even as it faded into the background becoming a sort of infrastructure that can be taken for granted Amazon promotes the comfort and care of its customers but not its workers to become the ultimate service brand in the digital economy West shows how Amazon has cultivated personalized intimate relationships with consumers that normalize its outsized influence on our selves and our communities She describes the brand's focus on speedy and seamless ecommerce delivery represented in the materiality of the branded brown box the positioning of its book retailing media streaming and smart speakers as services rather than sales and the brand's image control strategies West considers why pushback against Amazon's ubiquity and market power has come mainly from among Amazon's workers rather than its customers or competitors arguing that Amazon's brand logic fragments consumers as a political bloc West's innovative account the first to examine Amazon from a critical media studies perspective offers a cautionary cultural study of bigness in today's economy

Amazon's Dirty Little Secrets Greg Jameson, 2014-08-01 Many people believe that Amazon's success is the direct result of a strong user shopping experience This however is only part of the reason why Amazon is the number one ecommerce company in the world for almost two decades The real reason behind Amazon's success is that they have mastered the art of getting other people to market and sell for them From affiliate partners that drive traffic to online reviews and ratings where customers tell other customers why they should buy a product to getting free publicity from shows like Oprah or 60 Minutes Amazon is the online company to emulate Amazon's Dirty Little Secrets will show you how you can accomplish this for your company Amazon's Dirty Little Secret is getting others to do their marketing and sales for them This is so powerful that Greg created an acronym using the word POWER P Plenty of traffic O Offer something for free W Win their trust E Engaging experience R Request an action additional tips secrets Anyone engaged in Internet sales and marketing will benefit from the specific examples in this book

The Myth of Capitalism Jonathan Tepper, 2023-04-25 The Myth of Capitalism tells the story of how America has gone from an open competitive marketplace to an economy where a few very powerful companies dominate key industries that affect our daily lives Digital monopolies like Google Facebook and Amazon act as gatekeepers to the digital world Amazon is capturing almost all online shopping dollars We have the illusion of choice but for most critical decisions we have only one or two companies when it comes to high speed Internet health insurance medical care mortgage title insurance social networks Internet searches or even consumer goods like toothpaste Every day the average American transfers a little of their pay check to monopolists and oligopolists The solution is vigorous anti trust enforcement to return America to a period where competition created higher economic growth more jobs higher wages and a level playing field for all The Myth of Capitalism is the story of industrial concentration but it matters to everyone because the stakes could not be higher It

tackles the big questions of why is the US becoming a more unequal society why is economic growth anemic despite trillions of dollars of federal debt and money printing why the number of start ups has declined and why are workers losing out
