Nepal International Monetary Fund. Asia and Pacific Dept,2025-10-06 Nepal has so far been relatively insulated from recent global trade and aid related disruptions given its small export sector Economic activity has continued to gradually recover underpinned by a rebound in construction and manufacturing continued expansion of hydropower and a good harvest that helped offset the impact of the September 2024 floods Growth in FY2024 25 is estimated to reach 4.3 percent although still below potential Inflation is expected to remain within the Nepal Rastra Bank s target of about 5 percent The external position has strengthened with robust growth in exports remittances and tourism outpacing the recovery in imports Despite improved growth non performing loans have continued to rise eroding bank capital The financial health of the savings and credit cooperatives remains challenging

Education and Development Walter W. McMahon,2000-01-27 This book develops a new approach to measuring the total returns to human resource development through investment in education Drawing on microanalytic foundations it uses regional and worldwide data to estimate the

net marginal contributions of education and new knowledge both to economic growth and to wider effects on democratization human rights political stability health net population growth rates reduction of poverty inequality in income distribution crime drug use and the environment The total impact of education policy changes on endogenous development is then estimated using an interactive model This new approach is important to industrialized and developing countries alike The diffusion of knowledge and the adaptation of new techniques has been identified as crucial to the growth process in the new endogenous growth models and is of increasing strategic importance in current knowledge based globalizing economies Similarly the non monetary returns from education are important in improving human welfare Measurement of these non market returns is a crucial but much neglected subject It has proved frustrating and existing microanalytic measures have proved piecemeal The new approach developed here offers some comprehensive estimates and simulation techniques for finding more cost effective policies and also suggests new hypotheses for further microanalytic testing
