Can Our Civilisation Survive the Changes Generated by New Technology? Analysing Society and Media Vesna Lukovic, Marja Novak

Vogric, 2024-07-09 Human history is a history of powerful civilisations which collapsed for various reasons but behind all of those reasons there was the inability of each civilisation to adapt to changes that were introduced by the human race itself or by the external environment Judging from history we can expect that our civilisation might collapse as well This book takes a look at the huge changes brought by new technology that was introduced by humans over the past few decades and might have the power to destroy the modern civilisation It analyses social disadvantages of the new technology and attempts to answer the question of what has to be done to enable society to adapt to the new technology embrace it and use it for the collective good It also explains how to recognize fake news why Orson Welles was a fake news visionary and why Monica Lewinsky was one of the first victims of the modern new technology

Approaching Multiliteracies: Digitally Mediated Second and Foreign Language Teacher Education Carolyn Blume, 2025-10-15

Approaching Multiliteracies Digitally Mediated Second and Foreign Language Teacher Education provides practical insights into developing the multiliteracies pedagogy competencies for pre-service teachers It highlights how multiliteracies pedagogy can be not just a goal of teacher education but also a means to prepare future language teachers for this task Capitalizing on parallels between multiliteracies pedagogy and current models of second and foreign language teacher education SFLTE the chapters in the book illustrate how teacher educators in Europe Asia and the United States connect new forms of digitally mediated communication with

principles of initial professionalization Integrating examples from their own practice with empirical analysis a team of international contributors provide models of instruction that can be adapted for a variety of settings This edited collection examines a range of methodological approaches from engaging in identity work to the use of corpora that cultivate future language teachers dispositions and skills in integrating multiliteracies into foreign language classrooms in ways that are contextually situated critical and digitally mediated Primarily designed for individuals involved in language teacher education the book will also be a key resource for in service professional development opportunities focusing on contemporary language learning and use as well as for researchers interested in efficacious models of SFLTE *The AI Revolution in*
