The Comparison-Free Life Heather Creekmore, 2024-11-19 Comparison Free Life gives an updated title and look to Heather's fan favorite book *The Burden of Better*. Tired of chasing better. In an era of carefully curated social media images, nonstop selfies, and TV shows devoted to perfection, comparison can consume you. Chasing something better quickly becomes a burden weighing down your soul and preventing you from experiencing the freedom, contentment, and rest that God graciously offers. While other books on comparison call you to embrace uniqueness, *The Comparison Free Life* reveals how only a deeper understanding of God's grace can guide you off the self-improvement treadmill. Heather's humor and empathetic approach offer a gospel-centered guide to kicking your comparison habit.

The Intersection of Animation, Video Games, and Music Lisa Scoggin, Dana Plank, 2023-04-26 In both video games and animated films, worlds are constructed through a combination of animation, which defines what players see on the screen, and music and sound, which provide essential cues to action, emotion, and narrative. This book offers a rich exploration of the intersections between animation, video games, and music and sound, bringing together a range of multidisciplinary lenses. In 14 chapters, the contributors consider similarities and differences in how music and sound structure video games and animation, as well as the animation within video games, and explore core topics of nostalgia, adaptation, gender, and sexuality. Offering fresh insights into the aesthetic interplay of animation, video games, and sound, this volume provides a gateway into new areas of study that will be of interest to scholars and students across musicology, animation studies, game studies, and media studies more broadly.

The Disney+ Kingdom David Whitt, John Perlich, 2024-05-08 Debuting in 2019, Disney quickly became one of the most popular streaming services worldwide. With hubs for Disney, Pixar, Marvel, Star Wars, and National Geographic, Disney not only provides vault content from these brands but also original films and television programming such as *High School Musical: The Musical: The Series*, *The Mandalorian*, *The Mighty Ducks: Game Changers*, *Andor*, and *The Imagineering Story*. This collection of essays examines a variety of Disney exclusive content, exploring themes such as nostalgia, identity, representation, and lived experience. Designed to appeal to both academics and the average Disney fan, it attempts to answer the question of whether its original streaming content is a plus or minus for the Mouse House.

You vs You Todd Cahill, 2019-02-19 The greatest battles we face are with ourselves. In *You vs You*, author Todd Cahill starts with a simple premise: As people strive for any improvement in their lives, whether it's more income, a better relationship, a promotion, a bigger business, or a better body, the most important battles they will face are against themselves. People invite problems into their lives through poor choices, apathy, indecision, arrogance, anxiety, selfishness, and other traits they would rather not discuss but must be addressed. In this valuable book, Cahill shares what he has learned about these battles that either keep people from success and significance or usher them to victory. As a life coach and leadership trainer, he has taught thousands of people these lessons, and many of them are now experiencing a level of personal achievement, relational abundance, and financial freedom they never thought possible. People often self-sabotage if they're not mindful, wise, and willing. Cahill reinforces the idea that readers can choose today to fight against who they once were or are and become who they are made to be. *You vs You* is about that choice and the challenging, rewarding quest that ensues.

Strategy in 3D Greg Fisher, John E. Wisneski, Rene M. Bakker, 2020 Strategy decision making and action used to be off limits to all but the select few at the very top of an organization It was a largely cerebral activity focused on grand long terms plans made at annual off site retreats away from the daily challenges of the business That is no longer the case The current business environment does not wait for companies to slowly adjust in an annual meeting The relentless pace of change renders today s long term future tomorrow s history Rapid innovations and ever increasing complexities limit executives ability to make decisions with perfect information Does this mean strategy is no longer useful or even feasible No Good strategists are needed now more than ever But today s high performing organizations think of strategy differently than in the past These companies make strategy part of every manager s role they strategize continuously and tackle strategic problems through individuals from all parts of the organization Strategy in this new fast paced world is about diagnosing the diverse array of complex challenges confronting organizations deciding on novel solutions to address those challenges and delivering by taking action on those solutions Including a novel organizational framework and never before published application examples Strategy in 3D helps build these foundational skills and prepares the reader for success as a strategist in the 21st century

The Perfect Match Melody Summers, 2019-10-24 Everyone knows that your best friend s ex is totally off limits I didn t want to date Dylan my best friend s ex boyfriend I just felt bad for him because the last two girls he d gone out with had dumped him to go back to their exes He was a sweet guy who deserved better and in a moment of insanity I decided to make it happen for him I was going to discover everything there was to know about him and then find the girl who was his perfect match It all sounded so easy until I started hanging out with him But things got complicated really fast and the more time I spent with him the less interested I was in matching him up with someone else Dylan is afraid that I m going to be like the other girls though and dump him to go chasing after Seth first chance I get And I m scared that he s going to be like every other boy I ve gone out with and drop me without a backwards glance Plus there s that whole issue of him being my best friend s ex which would be majorly awkward There s just no way that the two of us could possibly work out so the safest thing to do is to stick with my

plan and get him out of my life as soon as possible Even though deep down I know that he s my perfect match high school romance ya romance teen romance romance series clean and wholesome romance beach romance young adult romance contemporary

A Hero in All of Us? Stephen Clouse,Aaron Kushner,2024-08-26 Is heroism possible for everyone Should it be What kinds of stories do we tell when we talk about heroes and what do these stories reveal about how we view ourselves This book takes up these questions and more by reflecting on twenty first century American television shows Among the shows examined are Only Murders in the Building Game of Thrones The Good Lord Bird The Boys and Severance What we find is an entertainment landscape unsure about what a hero is or even what qualifies as heroic In a nation uncertain about heroism we see a dramatic rise in the popularity of the anti hero and even in worlds without heroes This fragmented variety highlights how the American political mind is similarly fragmented in what it believes are its highest aspirations and its deepest anxieties It is this fragmentation that may help us understand why twenty first century entertainment has elevated the heroic to the supernatural while simultaneously democratizing heroism to the point where anyone may become one A Hero in All of Us Heroism and American Political Thought as Seen on TV explores this multifaceted landscape to better understand how Americans view their heroes and themselves *Parents* ,1988

 W. Nikdel,2025-09-18 Distribution Evolution On Demand and the Relocation of Specialized Film looks beyond the rhetoric
 and beneath the gleaming surfaces of on demand to reveal a more complex picture than the narrative of disruption Welcome
 to the age of on demand This is a world replete with choice a world where consumers dictate the terms of their viewing
 experience choosing what to watch when and how a world devoid of monopoly where the niche and undiscovered stand
 shoulder to shoulder with the rich and the powerful These stories of disruption have come to shape the popular perception of
 on demand but does this vision paint an accurate portrait of today s streaming landscape Distribution Evolution assesses
 whether digital distribution is the democratising force we were promised Does on demand disrupt and displace the
 monopolistic practices and patterns that have long curtailed the wider reach of specialised film Or does this vision of
 disruption resemble little more than a fantasy crafted by gifted storytellers and cunning marketers To answer these
 questions Distribution Evolution looks to the past to form a picture of the present Whether it be the emergence of new
 practices or the persistence of old ones the book reveals how a complex interplay between past and present is shaping the
 digital future The resulting work provides a new framework through which to understand the on demand era as a process of
