built environment and in doing so altered the meanings and experiences of the city. From the novels of Charles Dickens and George Gissing to anonymous magazine articles and pamphlets, resistance to reform found expression in the nostalgic appreciation of a threatened urban landscape and anxiety about domestic autonomy in an era of networked sanitary services. *Cleansing the City* emphasizes the disruptions and disorientation occasioned by purification, a process we are generally inclined to see as positive. By recovering these sometimes oppositional, sometimes ambivalent responses, Michelle Allen elevates a significant undercurrent of Victorian thought into the mainstream and thus provides insight into the contested nature of sanitary modernization.

Critical Essays on Arthur Morrison and the East End Diana Maltz, 2022-07-26. In 1896, author Arthur Morrison gained notoriety for his bleak and violent *A Child of the Jago*, a slum novel that captured the desperate struggle to survive among London's poorest. When a reviewer accused Morrison of exaggerating the depravity of the neighborhood on which the *Jago* was based, he incited the era's most contentious public debate about the purpose of realism and the responsibilities of the novelist. In his self-defense and in his wider body of work, Morrison demonstrated not only his investments as a formal artist but also his awareness of social questions. As the first critical essay collection on Arthur Morrison and the East End, this book assesses Morrison's contributions to late Victorian culture, especially discourses around English working-class life. Chapters evaluate Morrison in the context of Victorian criminality, child welfare, disability, housing, professionalism, and slum photography. Morrison's works are also reexamined in the light of writings by Sir Walter Besant, Clementina Black, Charles Booth, Charles Dickens, George Gissing, and Margaret Harkness. This volume features an introduction and 11 chapters by preeminent and emerging scholars of the East End. They employ a variety of critical methodologies, drawing on their respective expertise in literature, history, art history, sociology, and geography. *Critical Essays on Arthur Morrison and the East End* throws fresh new light on this innovative novelist of poverty and urban life.

Fin de Sicle/Fin du Globe John Stokes, 1992-11-20. The internationally distinguished scholars who have contributed to this timely book were asked to take part in a collaborative act of demystification, a reconsideration of the eschatological ideas of the last fin de sicle, the 1890s, in the light of the critical thought of the 1990s. Their essays draw upon a range of approaches and are broadly interdisciplinary. All are characterised by the realisation that, with a century's hindsight, the late 1800s should be seen not so much as a period of decadence as of discovery and growth.

Der englische und französische Sozialroman des 19. Jahrhunderts und seine Rezeption in Deutschland Norbert Bachleitner, 2023-10-16. Die Untersuchung verfolgt die Entwicklung der Subgattung Sozialroman in den drei behandelten Literaturen, wobei der Akzent auf der Rezeption der englischen und französischen Romane in Deutschland liegt. Der Verfasser versteht Rezeption im umfassenden Sinn und berücksichtigt nicht nur die literarische Kritik und die produktive Aufnahme der ausländischen Vorgänger durch die deutschen Autoren des 19. Jahrhunderts, sondern auch die Verbreitung der Werke durch den Buchhandel, die Leihbibliotheken und das Zeitungsfeuilleton, ihre Erwähnungen in autobiographischen Texten und Briefen, ihre Übersetzungen, die Zensur und die

Einwirkung der Sozialromane auf die Mentalität und das Verhalten der Leser Dadurch entsteht ein detail und farbenreiches Bild der Beziehungen des deutschen Publikums der Kritik und der Autoren zur englischen und französischen Literatur das die herkömmlichen Vorstellungen von einer kulturellen Sonderentwicklung in Deutschland infolge ökonomischer und politischer Verspätung infrage stellt

Death, Grief and Poverty in Britain, 1870-1914 Julie-Marie Strange, 2005-07-25 With high mortality rates it has been assumed that the poor in Victorian and Edwardian Britain did not mourn their dead Contesting this approach Julie Marie Strange studies the expression of grief among the working class demonstrating that poverty increased rather than deadened it She illustrates the mourning practices of the working classes through chapters addressing care of the corpse the funeral the cemetery commemoration and high infant mortality rates The book draws on a broad range of sources to analyse the feelings and behaviours of the labouring poor using not only personal testimony but also fiction journalism and official reports It concludes that poor people did not only use spoken or written words to express their grief but also complex symbols actions and significantly silence This book will be an invaluable contribution to an important and neglected area of social and cultural history
