Best Of Redditor's Update Written By Her ,2022-09-28 Yesterday I came home on my lunch break to take a quick nap before returning to work and came home to find my husband and Jamie having sex in our bed I was shocked and didn't really know what to do so I just left and went back to work I honestly wasn't even tired anymore As I was walking into work I saw that I was being bombarded with texts and calls from them both so I just turned my phone off I got out of work around 9pm but I didn't want to go home I went to a movie and just drove around after I fell asleep on the side of the road and returned home at 8am this morning to get ready for work When I walked in I saw Matthew and Jamie at the table Jamie looked sad while Matthew looked pissed I told them good morning and went and got ready for work Matthew followed me yelling saying that what I did was wrong and my reaction was compelled uncalled for Other Formats on Amazon <https://amzn.to/3dG3urz>

You Should Quit Reddit Jacob Desforges,2023-02-21 In recent years countless books articles and documentaries have addressed the negative effects that social media platforms have wrought on their users and society However these former works are incomplete nearly no attention has been paid to Reddit one of the most popular websites in the world Reddit is certainly unique among social platforms but its potential for addiction and darker side of nefarious activity should absolutely not be understated Additionally nearly no actionable advice has been provided to users of these platforms The audience is told that these websites and apps are harming their mental health wasting their time and that they are addictive which would logically make the task of quitting rather difficult but then provided zero guidance on how to disconnect from them Over 200 000 users gather on Reddit's r/NoSurf community to discuss reducing their internet use the forum is filled with reports of people who want to quit Reddit but find themselves psychologically compelled to return to the site over and over For moderate to heavy users of these platforms quitting is clearly not so simple You Should Quit Reddit is a paradigm shift in the genre Jacob Desforges was a Reddit user of over a decade and a self-admitted Reddit addict who spent on average around three hours daily on the site Not only is this the first book investigating Reddit's flaws as a platform but it is also written from the perspective of someone who experienced firsthand the struggle that comes with quitting these addictive platforms This book therefore also provides readers with the practical advice tools and techniques needed to shatter the cycle of digital addiction enabling them to quit visiting Reddit and other time-wasting websites for good so they can effectively reclaim their time to use in a more intentional manner Understanding Reddit Elliot T. Panek,2021-12-24 This book offers a comprehensive scholarly overview of Reddit one of the most popular and least studied social platforms of the early 21st century The book inspires new ways of thinking about Reddit considering it from multiple perspectives through a historical lens as a site where identity is forged as a democracy as a community and as a news aggregator and distributor By bringing theories from computer-mediated communication communication studies and sociology to bear on original large-scale observational analyses of Reddit's communities this book provides a uniquely comprehensive overview of the platform's first

15 years Understanding Reddit will help us make sense of how rapidly growing communities function in an era of mass online anonymity Serving both as a primer on how social behavior on Reddit plays out and as a way of locating it within multiple theoretical traditions the book will offer important insights to scholars and students in the disciplines of communication media studies information science internet and emerging media studies and sociology [The Reliable Field Guide To UFO Science, Media And Data Sources](#) Stephen J. of political thought she argues that democratic spaces must be designed with three environmental characteristics boundaries durability and flexibility that taken together afford users the ability to engage in fundamental civic practices Through extended analyses of Facebook Twitter and Reddit Forestal shows precisely how well these digital platforms meet the criteria for democratic spaces or whether they do so at all The result is a more nuanced analysis of the democratic communities that form or fail to emerge in these spaces as well as more concrete suggestions for how to improve them In connecting the built environment digital technologies and democratic theory Designing for Democracy provides blueprints for democracy in a digital age

Disability and Fandom Katherine Anderson Howell,2025-03-19 Disability and Fandom discusses the accessibility and welcome of fan spaces and it explores how disability functions in fan practices In a readable personal style Katherine Anderson Howell shows the overlaps between disability studies and fan studies analyzing how fandom operates in physical and digital fan spaces She argues that it is time for fan studies to let go of the idea of fans in general as marginalized or as powerless groups Anderson Howell examines how key fandom platforms including cons Tumblr Archive of Our Own Instagram Reddit and TikTok set up user interfaces that may mask their true values potentially decreasing access and creating a system by which disability remains stigmatized Readers will find case studies of fan fiction disability influencers anti fans trolls and celebrities The argument is made for incorporating disability into the analytical tools of fandom so that we may begin with better tools and better questions

Gaming Democracy Adrienne L. Massanari,2024-10-15 How play and gaming culture have mainstreamed far right ideology through social media platforms From Gamergate to the ongoing Big Lie the far right has gone mainstream In Gaming Democracy Adrienne Massanari tracks the flames of toxicity found in the far right and alt right movements as they increasingly take up oxygen in American and global society In this pathbreaking contribution to the fields of internet studies game studies and gender studies Massanari

argues that Silicon Valley's emphasis on meritocracy and free speech absolutism has driven this rightward slide. These ideologies have been coded into social media spaces that implicitly silence marginalized communities and subject them to rampant abuse by groups that have learned to game the ecology of platforms, algorithms, and attention economies. While populist movements are not new phenomena, such as QAnon, parental rights activism, and COVID denialism are uniquely of the internet, with supporters demonstrating both technical acumen and an ability to use memes and play as a way of both building community and fomenting dissent. Massanari explores the ways that the far right uses memetic humor and geek masculinity as tools both to create a sense of community within these leaderless groups and to obfuscate their intentions. Using the lens of play and game studies, as well as the concept of metagaming, *Gaming Democracy* is a novel contribution to our understanding of online platforms and far right political activism.

Every Last Fish Rose George, 2025-10-23 Cold blooded, slippery, wet, and strange, fish can be hard to think of as fellow animals and easier to consider as food. But what do we know of these creatures on our plates, and what do we know of how they got there? In *Every Last Fish*, Rose George takes us inside the vast legal industries that support our appetite for fish fingers and salmon sandwiches, and the equally colossal illegal fishing trade whose practices and standards are unmonitored and often dangerous. It introduces us to the men, and it is mostly men who fish, the women, and it is mostly women who process the flesh, and strive to keep fishing communities afloat. It takes us from Alaska to Senegal, via Scotland, Norway, and Massachusetts, and from the nets on the surface to the murky depths of the sea bed. It will transform the way you look at fish and change your understanding of what lies behind the inscrutable eye that looks back at you.
