Reddit On Sale:

You Should Quit Reddit Jacob Desforges, 2023-02-21 In recent years countless books articles and documentaries have addressed the negative effects that social media platforms have wrought on their users and society However these former works are incomplete nearly no attention has been paid to Reddit one of the most popular websites in the world Reddit is certainly unique among social platforms but its potential for addiction and darker side of nefarious activity should absolutely not be understated Additionally nearly no actionable advice has been provided to users of these platforms The audience is told that these websites and apps are harming their mental health wasting their time and that they are addictive which would logically make the task of quitting rather difficult but then provided zero guidance on how to disconnect from them Over 200 000 users gather on Reddit s r NoSurf community to discuss reducing their internet use the forum is filled with reports of people who want to quit Reddit but find themselves psychologically compelled to return to the site over and over For moderate to heavy users of these platforms quitting is clearly not so simple You Should Quit Reddit is a paradigm shift in the genre Jacob Desforges was a Reddit user of over a decade and a self admitted Reddit addict who spent on average around three hours daily on the site Not only is this the first book investigating Reddit s flaws as a platform but it is also written from the perspective of someone who experienced firsthand the struggle that comes with quitting these addictive platforms This book therefore also provides readers with the practical advice tools and techniques needed to shatter the cycle of digital addiction enabling them to quit visiting Reddit and other time wasting websites for good so they can effectively reclaim their time to use in a more intentional manner

The Dark Social Toija Cinque, Alexia Maddox, Robert W. Gehl, 2023-11-07 This book explores how people interact online through anonymous communication in encrypted hidden or otherwise obscured online spaces Beyond the Dark Web itself this book examines how the concept of dark social broadens the possibilities for examining notions of darkness and sociality in the age of digitality and datafied life The authors take into account technical moral ethical and pragmatic responses to ourselves and communities seeking to belong in of the dark Scholarship on the Darknet and Dark Social Spaces tends to focus on the uses of encryption and other privacy enhancing technologies to engender resistance acts Such understandings of the dark social are naturally in tension with social and political theories which argue that for politics and acts to matter they must appear in the public light They are also in tension with popular narratives of the dark recesses of the web which are disparaged by structural powers who seek to keep their subjects knowable and locatable on the clear web The binary of dark versus light is challenged in this book The authors provocation is that practices of dark resistance motility and power are enacted by emerging data cultures This book draws together scholarship activism and creativity to push past conceptual binary positions and create new approaches to darknet and dark social studies The Dark Social Online Practices of Resistance Motility and Power will be a key resource for academics researchers and advanced students of media studies cultural studies communication studies research methods and sociology

Cloran,2019-03-05 I have read dozens of books on starting companies but this is the first that accurately captures why
startups fail and provides a tool for entrepreneurs and investors to measure and manage these sources of failure Michael
Hatfield Co Founder Cerent Calix Cienna and Carium What makes a startup successful This book from award winning
business school professors and a tech serial entrepreneur tells what makes startups successful Instead of telling startups
what to do like most startup books they share what startups should avoid Along the way they share small business startup
success stories gleaned from the How Built This Podcast and their firsthand experiences These stories of startup success are
contrasted with stories of startup failure from startup graveyards and most notably the Titanic Like many of today s startups
the Titanic hoped to disrupt the transportation industry of its time It fell short to a disastrous outcome from the same sources
that prevent startup success today Get a startup game plan This startup book uses the Titanic and a sailing metaphor to
provide a startup roadmap template It shows what makes startups successfully navigate through challenges in startup

investing founding and hiring with a game plan to get through the Human Ocean It offers a startup guide to customer success in working through the Marketing Ocean It even highlights what startups need to invest in to get through the Technical and Strategy Oceans Its Iceberg Index gives entrepreneurs startups and small businesses a way to track their progress on the startup roadmap template It also helps investors assess what startups to invest in Many entrepreneurs assume that the Titanic was sunk by a single iceberg The Titanic Effect shows that like many startups it s not a single misstep but a series of mistakes that keep a startup from being successful This combination of missteps is called the Titanic Effect Who can benefit from this startup roadmap Entrepreneurs in the early stages of building a startup They will learn what makes a startup successful They will develop a to do list of decisions to make and actions to take Small business owners will also identify key next steps to building their startup game plan Investors can identify what to avoid in startup investments and what startups to invest in Students will learn how to evaluate the success potential of a startup and will read small business and startup success stories These three co authors have witnessed firsthand what leads to startup success They have made it their mission to help entrepreneurs startup founders and startup investors succeed Drs Todd and M Kim Saxton bring more than two decades of academic and professional experience in business strategy entrepreneurship marketing and angel investing Serial tech entrepreneur Michael Cloran adds his two decades of experiences in launching his own startups as well as building software products for other startups In addition the co authors serve on various boards of entrepreneurial ventures and startup advisory associations They have shared their expertise from the stage to dozens of audiences including students entrepreneurship and professional development associations academic societies and global companies like Roche Diagnostics and Pfizer Pharmaceuticals *Collecting* Jace Bennet,2023-09-27 This book contains several topics about collecting items The 4 topics are 1 Art collecting 2 Coin collecting 3 Comic book collecting 4 Trading cards collecting Enjoy this bundle of tips advice experiences and useful insights into the world of collecting things trading selling and growing your portfolio of valuables Serena Williams and Alexis Ohanian Alexis Burling,2019-07-15 Serena Williams and Alexis Ohanian are two of the most inspiring trend setting and accomplished individuals in the world today Experts and fans alike consider Williams to be one of the best tennis players in history The founder of Reddit when he was just twenty two years old Ohanian has been called one of the brightest minds of his generation Both individually and together this couple is impressive and exciting This riveting volume describes their journeys to success their romance elaborate nuptials and first years as parents Informative sidebars and a timeline help students contextualize the power couple s growth and their impact on society
