Scott

Womble, 2025-03-13 *The Pickoff* is a baseball metaphor that exposes how the enemy of God uses a variety of tactics to impede the Christian s progress on the bases In an age of spiritual lethargy when too many Christians are caught napping between first and second base it s imperative that we stand firm against the schemes of the devil so that we may arrive home safely While the pickoff move is becoming a lost art in the world of baseball it remains a primary weapon in the enemy s arsenal After Christians are awarded first base Satan will immediately look to pick them off sending them back to the dugout in shame If he can t do that he ll settle for the stationary Christian who seems content on just standing safely as first base But our Lord will have none of this He exposes the enemy s devices and provides the perfect coaching to help us round the bases in joy This book will change how readers view both baseball and the Christian life Whether a rookie believer or a seasoned veteran readers will find fresh insights for staying spiritually alert **The Complete WWF Video Guide Volume I** James

The words Asian American film might evoke a painfully earnest low budget documentary or family drama destined to be seen only in small film festivals or on PBS Public Broadcasting Service In her groundbreaking study of the past fifty years of Asian American film and video Jun Okada demonstrates that although this stereotype is not entirely unfounded a remarkably diverse range of Asian American filmmaking has emerged Yet Okada also reveals how the legacy of institutional funding and the PBS style unites these filmmakers whether they are working within that system or setting themselves in opposition to its conventions *Making Asian American Film and Video* explores how the genre has served as a flashpoint for debates about what constitutes Asian American identity Tracing a history of how Asian American film was initially conceived as a form of public interest media part of a broader effort to give voice to underrepresented American minorities Okada shows why this seemingly well intentioned project inspired deeply ambivalent responses In addition she considers a number of Asian American filmmakers who have

opted out of producing state funded films from Wayne Wang to Gregg Araki to Justin Lin Okada gives us a unique behind the scenes look at the various institutions that have bankrolled and distributed Asian American films revealing the dynamic interplay between commercial and state run media More than just a history of Asian Americans in film Making Asian American Film and Video is an insightful meditation on both the achievements and the limitations of institutionalized multiculturalism
