[Writing Hope Found in Uncertain Times](#), 2025-01-27 *Writing Hope Found in Uncertain Times* is a book written by and for preservice and inservice English language arts teachers and teacher educators looking to share stories and strategies of hope found in educational contexts, leading to a hopefulness in life too. This book is a physical manifestation of hoping aloud and answers intentional hope inquiries, including: How can hope, the action-based hope that moves systems and circumstances forward, be found and grown in vulnerable times through education and writing in ELA classrooms? Arguably, action-based hope may be one of the most valuable outcomes educational systems can offer students, teachers, staff, and administrators. This collection of research-based, narrative-driven essays is one hope moment in time that can lead to other explorations and destinations of hope in education and beyond. Each chapter is a story with retelling, remembering, and celebrating hope found. [Colombia: Request for an Arrangement Under the Flexible Credit Line and Cancellation of the Current Arrangement - Press Release; Staff Report; and Statement by the Executive Director for Colombia](#) International Monetary Fund, International Monetary Fund, Western Hemisphere Dept., 2022-05-02 Colombia's very strong policy frameworks

and comprehensive policy response to the pandemic have supported the economy's resilience. With stronger than expected growth last year, fiscal deficits and public debt are declining faster than anticipated and the fiscal framework has been reactivated with a new fiscal rule and debt anchor. Further monetary policy tightening should drive inflation towards the central bank's inflation target by mid 2024. Successful credit support measures in the financial sector are being phased out and as discussed in the recent FSAP, financial sector supervision and regulation have been enhanced since the previous staff assessment. Overall, the authorities remain committed to maintaining their very strong policy framework as seen by steps taken to normalize policies from a crisis footing in the pandemic. Political assurances on policy continuity from the leading candidates provide a necessary safeguard for the proposed arrangement. *Flexible Voluntary Contribution* FAO, 2024-11-20

The Flip Side of Free Michael Kende, 2021-03-09. Why free comes at a price: the costs of free internet services in terms of privacy, cybersecurity, and the growing market power of technology giants. The upside of the internet is free Wi-Fi at Starbucks, Facetime over long distances, and nearly unlimited data for downloading or streaming. The downside is that our data goes to companies that use it to make money; our financial information is exposed to hackers, and the market power of technology companies continues to increase. In *The Flip Side of Free*, Michael Kende shows that free internet comes at a price. We're beginning to realize this. Our all-purpose techno caveat is: I love my smart speaker, but is it really tracking everything I do, listening to everything I say. [Prep](#) Kristin White, 2025-07-10.
