Sleep Hacking for Busy Bees: Optimizing Sleep in Short Bursts Ethan West, In our frenetic modern world the quest for efficiency often comes at a steep price We juggle demanding careers personal responsibilities and social obligations all while trying to maintain a semblance of balance Amidst this relentless hustle one crucial aspect of our well being frequently gets shortchanged sleep Have you ever caught yourself wondering How can I get the most out of my sleep in the little time I have If so you re not alone This book delves into the art and science of sleep hacking a practice designed to optimize sleep for those who lead busy lives But before we delve into the nitty gritty let s explore why sleep is non negotiable Sleep is often perceived as a luxury something we can afford to cut back on to squeeze in an extra hour of work or play Yet research consistently underscores that sleep is foundational to our health and well being According to the National Sleep Foundation adults need between 7 to 9 hours of sleep per night for optimal functioning However a staggering one in three adults doesn t meet this requirement leading to a host of physical and mental health issues So why is sleep so important

Sensehacking Charles Spence, 2021-01-14 The world expert in multisensory perception on the remarkable ways we can use our senses to lead richer lives Talks total sense lots of fun facts right up there with the best of the best Chris Evans Packed with studies on pain attention memory mood The Times How can the furniture in your home affect your wellbeing What colour clothing will help you play sport better And what simple trick will calm you after a tense day at work In this revelatory book pioneering and entertaining Oxford professor Charles Spence shows how our senses change how we think and feel and how by hacking them we can reduce stress become more productive and be happier We like to think of ourselves as rational beings and yet it is the scent of expensive face cream that removes wrinkles temporarily a room actually feels warmer if you use a warmer paint colour and the noise of the crowd really does affect the referee s decision Understanding how our senses interact can produce incredible results This is popular science at its unbelievable best Spence does for the senses what Marie Kondo does for homes Avery Gilbert author of *What the Nose Knows* Everything you need to know about how to cope with the hidden sensory overload of modern life engagingly told Robin Dunbar author of *How Many Friends Does One Person Need*
