 Mosconi, 2024-03-21 Thank you Dr Mosconi Davina McCall I had never really fathomed how hormonal changes impact the
 brain until I read The Menopause Brain Gwyneth Paltrow The Menopause Brain will quickly become your new best friend
 Halle Berry THE SUNDAY TIMES BESTSELLER Menopause and perimenopause are still baffling to most doctors leaving
 patients exasperated as they grapple with symptoms ranging from hot flashes to insomnia to brain fog As a leading
 neuroscientist and women s brain health specialist Dr Mosconi unravels these mysteries by revealing how menopause doesn t
 just impact the ovaries it s a hormonal show in which the brain takes centre stage The decline of the hormone estrogen
 during menopause influences everything from body temperature to mood to memory potentially paving the way for cognitive
 decline later in life To conquer these challenges successfully Dr Mosconi brings us the latest approaches explaining the role
 of cutting edge hormone replacement therapies like designer estrogens hormonal contraception and key lifestyle changes
 encompassing diet exercise and self care Best of all Dr Mosconi dispels the myth that menopause signifies an end
 demonstrating that it s actually a transition Contrary to popular belief if we know how to take care of ourselves during
 menopause we can emerge with a renewed enhanced brain ushering in a meaningful and vibrant new chapter of life **Arts**
in Health Daisy Fancourt, 2017-06-22 Over the past few decades the use of the arts in health has blossomed What for many
 centuries was seen as a fringe activity is now being recognised as a field that has enormous potential for impacting positively
 on both individuals and societies However despite this surge in interest and activity there is still limited support available for
 people working in the field Although the number of practical training courses for artists is growing and more universities are

establishing research groups most training activity occurs in either practice or research there are relatively few opportunities to gain parallel experience in both Arts in Health Designing and Researching Interventions provides a complete overview of how to go about undertaking research and practice in the field of arts in health It starts by exploring the context for arts in health interventions including the history of the use of arts in health and the theoretical and political developments that have laid the foundations for its flourishing It also considers what arts in health encompasses and the range of disciplines involved Part II examines how to design an arts in health intervention develop partnerships and find funding and considers the sensitivities around working in healthcare Part III considers the value of research for the field of arts in health and how to design and undertake a research project Finally part IV provides a fact file of arts in health research and practice showing how the arts can be applied and the benefits they can bring across a range of medical disciplines The book will be valuable for researchers practitioners healthcare professionals and those interested in learning more about the field
