Stylish Transient: A Novel DJ Rankin,2024-03-18 Above and below and across dimensions there exists a book beyond the words made up to make up its innermost composition This is not that book This is but a novel attempt to confound the mind into stepping out of the way of something far greater than itself Which again is not this book A tangle of words strung together in every direction can only ever be a pointer to the greatest mystery of existence past the page Now that s starting to sound like this book A hodgepodge of mishmash that spins a web of brilliant nonsense until it flips itself upside down and spills out the tea leaves of his rebrewed coffee cup He of course has even less idea what he s talking about than you do which is why I m here so take it from me you re gonna love this thing Amazing A meta nonfictional self awareness run amok with twist after twist of twisted inside outness Thought provoking inspiring full of engaging characters doing interesting things a good primer on the positive side of chosen homelessness and pop up community direct action protest and disaster relief alternative building methods reservation life vagabond cuisine and tons of sincerely comedic banter A spiritual manifesto as the author uses dialog to wax philosophically while clever wordplay and lyrical phrasing polishes the prose I can t seem to put my review into words because these words are so far beyond the way language is normally used My favorite quality of philosophy is the ah ha moment when something has been put into words that I ve always felt and known as truth The author s writing philosophy in a way I ve never read it before in a way it s never been told that I know of When I was a kid I read to escape reality The way I was being taught to understand the world left me feeling overwhelmed so I would delve into the fantasy worlds of the books and become completely absorbed into the lives of the characters as I attempted to forget my own This book on the other hand This book helps you to remember Remember the true nature of life remember your own true nature Remember your power and your inherent connection to this awe inducing world Remember what it means to truly be free I liked it

independent film **Good Nights Out** Aleks Sierz, 2019-12-12 London's West End is a global success story staging phenomenal hit shows that have delighted millions of spectators and generated billions of pounds in revenue In *Good Nights Out* Aleks Sierz provides a thematic survey of such popular theatre shows that were enormous commercial successes over the past 75 years He argues that these outstanding hits have a lot to say about the collective cultural social and political attitudes and aspirations of the country and about how our national identity and theatre's role in creating it has evolved over the decades The book spans a range of work from almost forgotten plays such as R F Delderfield's *Worm's Eye View* and Hugh Hastings's *Seagulls Over Sorrento* to well known mega hits such as *The Mousetrap* and *The Phantom of the Opera* Such popular work has tended to be undervalued by some critics and commentators mainly because it has not been thought to be a suitable subject for inclusion in the canon of English Literature By contrast Sierz demonstrates that genres such as the British musical light comedy sex farce or murder mystery are worth appreciating not only for their intrinsic theatrical qualities but also as examples of the dream life of the British people The book challenges the idea that mega hits are merely escapist entertainments and instead shows how they contribute to the creation of powerful myths about our national life The analysis of such shows also points towards the possibility of creating an alternative history of postwar British theatre *The Invisible Art of Film Music* Laurence E.
