The Digital Banking Revolution Luigi

Wewege, Michael C. Thomsett, 2019-12-02 Emergent innovative financial technologies are profoundly changing the way in which we spend, move and manage our money unlike ever before and traditional retail banks are facing stiff competition. The global financial crisis in 2007-2009 led to large losses and even the collapse of a significant number of established banks shaking the trust of financial customers worldwide. *The Digital Banking Revolution* is an insightful look at how financial technology and the rapid rise of financial technology companies have brought welcome changes offering flexibility to the banking industry. The book offers a unique perspective on the consumerization of retail banking services. It delves into the many changes that financial innovations have brought about in banking: the main financial disruptors, the new era of banking on the go and financial innovations from countries around the world, before concluding with a discussion on the future of banking including optimizing structures, new strategies for business outcomes and human resources in the digital era.

Digital Finance Perry Beaumont, 2019-09-10 The internet is dramatically transforming the way business is done particularly for financial services. *Digital Finance* takes a thoughtful look at how the industry is evolving and it explains how to integrate concepts of digital finance into existing traditional finance platforms. This book explores what successful companies are doing to maximize their opportunities in this context and offers suggestions on how to introduce digital finance into a firm's structure. Specific strategies for a digital future are presented alongside numerous case studies that explore key attributes of success. In recognition of the rapidly evolving nature of finance today, *Digital Finance* is accompanied by a website maintained by the author, PerryBeaumont.com, as well as links to other content with insightful articles, analyses and opinions. For both practitioners and students of finance, *Digital Finance* provides a rich context for a better understanding of the landscape of finance today and lays the foundation for us to process and create the financial innovations of tomorrow.
