Simplicity Marketing Steven

M. Cristol, Peter Sealey, 2001-03-11 For more than half a century marketers have bombarded customers with more and more choices in products and services What is the result Unprecedented anxiety Our mental circuit breakers are on overload In fact pioneering brand strategists Steven M Cristol and Peter Sealey assert that we have reached our manageable threshold for making decisions and a watershed in product proliferation In this pathbreaking book the authors argue with compelling evidence that the next generation of marketing successes will belong to those brands that simplify customers lives or businesses in ways that are inextricably tied to brand and product positioning They contend that if a brand is not reducing customer stress it is creating it and it is vulnerable to losing market share to more customer empathetic competitors Writing especially for product or brand managers who are struggling to simplify their portfolios Cristol and Sealey have created a breakthrough framework that is itself a lesson in simplicity After presenting two essential guideposts for managers to assess where their brand sits on the stress spectrum the authors turn to the heart of Simplicity Marketing the 4 R s of simplification Replace Repackage Reposition and Replenish Using scores of real world company examples Cristol and Sealey show how each of the 4 R s interacts with the others in powerful ways to relieve customer stress and how these strategies may be executed individually or in combination to build brand loyalty Here for the first time are ten specific strategies to relieve customer stress through consolidating aggregating or integrating products and services repositioning brands for more relevance to stress reduction and decluttering customers decision making requirements The final pages of this brilliant manifesto for a simplicity revolution provide a guide to managing simplicity strategies leveraging information technology to simplify rather than complicate customers lives and integrating all the tools in the book into an executional blueprint A Time To Be Deborah Joyce Carlin, 2009-01-08 A Time To Be Deborah is a study of the Biblical Book of Judges focusing on the account of the prophetess Deborah and the Israelite military general Barak It is a political and historical work that compares and contrasts today s American political scene with that of the Israelites circa 1200 B C complete with pointed commentary and detailed statistics of the day This book is a call to arms intended for contemporary Christian women supporting a need for education activism and a return to Christian values in our nation Further it is a plea for obedience to God s laws and commands coupled with a faithful desire for deliverance This book reiterates a timeless warning that is as sobering in twenty first century America as it was in twelfth century B C Israel That warning may very easily herald the removal of God s hand from this land if historical lessons learned are not now applied Do not consider entering the voting booth without assimilating this information and committing yourself to the prevention of the demise of this great land *Just Joking Science* National Geographic, 2022-03-22 This hilarious new book in the kid favorite Just Joking series packed with 300 science themed jokes riddles knock knocks tongue twisters and more is scientifically proven to leave kids laughing chuckling and exclaiming Eureka It s got jokes about all kinds of science stuff kooky chemistry funny physics dinosaurs space and more plus 10 stories of real life scientific experiments that are so wacky you ll hardly believe them This book is a gut busting party starter or a
