 Thomson,2017-07-14 How might educational leaders and teachers improve literacy achievement in schools serving
 communities experiencing high levels of poverty This question is the focus of this book Drawing on long term case studies of
 four primary schools located in these communities this book describes the difference between what is commonly practiced
 and those practices that have a greater chance of supporting young people s literacy learning In this multi layered analysis of
 the effects of policy on practice the authors discuss global concerns with literacy policy and testing in view of the growing
 gaps between rich and poor examine the effects of the intensification of inequality and entrenched poverty and the
 implications for schools illustrate how deficit discourses pertaining to communities living in poverty are contested in schools
 and describe the complexities of sustaining pedagogical and curriculum change to address the problem of unequal
 educational outcomes in literacy This book grapples with some of the most debated questions regarding educational
 disadvantage school change leadership and literacy pedagogy that face educational researchers policy makers and
 practitioners internationally As well as providing a critique of the risks of current policy rationales it conveys some hopeful
 accounts of practice that provide leads for further development **Monthly Catalogue, United States Public
