

BI-DIRECTIONAL ASPECTS OF MICROSOFT / OPEN A.I. DEAL

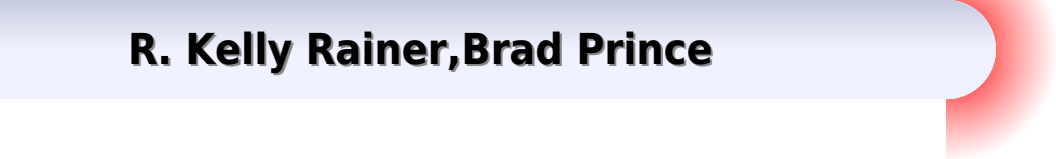

From a Microsoft internal perspective, this is a continuous money transfer to the Cloud Computing group

OpenAI's largest cost will continue to be cloud computing services, exclusively provided by Microsoft Azure. MSFT is loaning money back to itself while funding product development.

Readings in Artificial Intelligence and Databases John Mylopoulos,Michael L. Brodie,2014-06-28 The interaction of database and AI technologies is crucial to such applications as data mining active databases and knowledge based expert systems This volume collects the primary readings on the interactions actual and potential between these two fields The editors have chosen articles to balance significant early research and the best and most comprehensive articles from the 1980s An in depth introduction discusses basic research motivations giving a survey of the history concepts and terminology of the interaction Major themes approaches and results open issues and future directions are all discussed

including the results of a major survey conducted by the editors of current work in industry and research labs Thirteen sections follow each with a short introduction Topics examined include semantic data models with emphasis on conceptual modeling techniques for databases and information systems and the integration of data model concepts in high level data languages definition and maintenance of integrity constraints in databases and knowledge bases natural language front ends object oriented database management systems implementation issues such as concurrency control and error recovery and representation of time and knowledge incompleteness from the viewpoints of databases logic programming and AI

National Review ,1916 *Strategic Business Influencer* Paige Velasquez Budde,2025-11-25 Don't just follow trends become a leader who shapes them As traditional marketing tactics continue to falter in today's business landscape simply amassing followers and leading with a corporate logo is no longer enough This essential guide offers a new seven step approach to brand building and provides the tools for any leader to compete with giants by showing them how to amplify what most already do best teaching and relationship building as a way to build trust in a way corporations cannot Strategic Business Influencers may not be as famous as the mainstream celebrities the word influencer usually evokes but they are converting the intangible benefits of influence into significant impact on their revenue and profits In an increasingly skeptical environment these leaders build trust and credibility previously reserved for big name CEOs and target precisely the right audience to build strong scalable relationships with their customers investors employees and partners Zilker Media CEO Paige Velasquez Budde a veteran marketer entrepreneur and speaker walks leaders through her seven step process for aspiring Strategic Business Influencers offering them a powerful unified strategy to build big brands even with small budgets Entrepreneurs corporate leaders and aspiring business owners alike will gain the tools to transform their professional image discovering how to Reinvent their brand by creating a compelling Influencer ID and evaluating their current market image to ensure they stand out Enhance their relationship management by developing high touch relationships with customers and stakeholders to convert them into loyal advocates Leverage today's digital tools by mastering the art of generating buzz through PR and content creation using the many free or low cost tools now available Drawing on case studies from diverse industries from regional banking to subfloor manufacturing women's undergarments to tech software development becoming a Strategic Business Influencer builds undeniable leverage for a brand no matter the industry or business size
